### § 1021. Congressional declarations

#### (a) Generally

The Congress declares that it is the continuing policy and responsibility of the Federal Government to use all practicable means, consistent with its needs and obligations and other essential national policies, and with the assistance and cooperation of both small and larger businesses, agriculture, labor, and State and local governments, to coordinate and utilize all its plans, functions, and resources for the purpose of creating and maintaining, in a manner calculated to foster and promote free competitive enterprise and the general welfare, conditions which promote useful employment opportunities, including self-employment, for those able, willing, and seeking to work, and promote full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agriculture, business, and industry, and reasonable price stability as provided in section 1022b(b) of this title.

#### (b) Full opportunities for employment

The Congress further declares and establishes as a national goal the fulfillment of the right to full opportunities for useful paid employment at fair rates of compensation of all individuals able, willing, and seeking to work.

#### (c) Inflation

The Congress further declares that inflation is a major national problem requiring improved government policies relating to food, energy, improved and coordinated fiscal and monetary management, the reform of outmoded rules and regulations of the Federal Government, the correction of structural defects in the economy that prevent or seriously impede competition in private markets, and other measures to reduce the rate of inflation.

#### (d) Coordination of Federal policies and programs

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to improve the coordination and integration of the policies and programs of the Federal Government toward achievement of the objectives of such Act through better management, increased efficiency, and attention to long-range as well as short-range problems and to balancing the Federal budget.

#### (e) Federal controls

The Congress further declares that, although it is the purpose under the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to seek diligently and to encourage the voluntary cooperation of the private sector in helping to achieve the objectives of such Act, no provisions of such Act or this chapter shall be used, with respect to any portion of the private sector of the economy, to provide for Federal Government control of production, employment, allocation of resources, or wages and prices, ex-

cept to the extent authorized under other Federal laws.

**(f) Expansion of private employment**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to maximize and place primary emphasis upon the expansion of private employment, and all programs and policies under such Act shall be in accord with such purpose. Toward this end, the effort to expand jobs to the full employment level shall be in this order of priority to the extent consistent with balanced growth—

(1) expansion of conventional private jobs through improved use of general economic and structural policies, including measures to encourage private sector investment and capital formation;

(2) expansion of private employment through Federal assistance in connection with the priority programs in such Act;

(3) expansion of public employment other than through the provisions of section 206 of such Act [15 U.S.C. 3116]; and

(4) when recommended by the President under section 206 of such Act [15 U.S.C. 3116] and subject to the limitations in such section, the creation of employment through the methods set forth in such section.

**(g) Trade deficits**

The Congress further declares that trade deficits are a major national problem requiring a strong national export policy including improved Government policies relating to the promotion, facilitation, and financing of commercial and agricultural exports, Government policies designed to reduce foreign barriers to exports through international negotiation and agreement, Federal support for research, development, and diffusion of new technologies to promote innovation in agriculture, business, and industry, the elimination or modification of Government rules or regulations that burden or disadvantage exports and the national and international competitiveness of agriculture, business, and industry, the reexamination of anti-trust laws and policies when necessary to enable agriculture, business, and industry to meet foreign competition in the United States and abroad, and the achievement of a free and fair international trading system and a sound and stable international monetary order.

**(h) Balanced Federal budget**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to achieve a balanced Federal budget consistent with the achievement of the medium-term goals specified in section 1022a of this title.

**(i) Investment needs of private enterprise**

The Congress further declares that it is the continuing policy and responsibility of the Federal Government, in cooperation with State and local governments, to use all practical means consistent with other essential considerations of national policy to provide sufficient incentives to assure meeting the investment needs of private enterprise, including the needs of small and

medium sized businesses, in order to increase the production of goods, the provision of services, employment, the opportunity for profit, the payment of taxes, and to reduce and control inflation. To the extent it is reasonably possible to do so, private enterprise investments in depressed urban and rural areas should be promoted to reduce the high levels of unemployment that exist there.

**(j) Reliance on private sector**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to rely principally on the private sector for expansion of economic activity and creation of new jobs for a growing labor force. Toward this end, it is the purpose of this chapter to encourage the adoption of fiscal policies that would establish the share of the gross national product accounted for by Federal outlays at the lowest level consistent with national needs and priorities.

#### (a) Incorporation of necessary programs and policies

In each Economic Report after October 27, 1978, the President shall incorporate (as part of the five-year numerical goals in each Economic Report) medium-term annual numerical goals specified in section 1022(a)(2)(B) of this title, and in each President's Budget submitted immediately prior thereto, the President shall incorporate the programs and policies the President deems necessary to achieve such medium-term goals and a balanced Federal budget and to achieve reasonable price stability as rapidly as feasible as provided for in section 1022b(b) of this title.

#### (b) Interim numerical goals for initial Economic Reports

The medium-term goals in the first three Economic Reports and, subject to the provisions of subsection (d), in each Economic Report thereafter shall include (as part of the five-year goals in each Economic Report) interim numerical goals for—

(1) reducing the rate of unemployment, as set forth pursuant to section 1022(d) of this title, to not more than 3 per centum among individuals aged twenty and over and 4 per centum among individuals aged sixteen and over within a period not extending beyond the fifth calendar year after the first such Economic Report;

(2) reducing the rate of inflation, as set forth pursuant to section 1022(e) of this title, to not more than 3 per centum within a period not extending beyond the fifth calendar year after the first such Economic Report: *Provided*, That policies and programs for reducing the rate of inflation shall be designed so as not to impede achievement of the goals and timetables specified in clause (1) of this subsection for the reduction of unemployment; and

(3) reducing the share of the Nation's gross national product accounted for by Federal outlays to 21 per centum or less by 1981, and to 20 per centum or less by 1983 and thereafter, or the lowest level consistent with national needs and priorities: *Provided*, That policies and programs for achieving the goal specified in this clause shall be designed so as not to impede achievement of the goals and timetables specified in clause (1) of this subsection for the reduction of unemployment.

For purposes of this subsection, the first Economic Report shall be the Report issued in the first calendar year after October 27, 1978.

#### (c) Achievement of full employment, balanced budget, zero inflation rate, and 20 per centum level of Federal outlays as a proportion of gross national product for succeeding Economic Reports

(1) Upon achievement of the 3 and 4 per centum goals specified in subsection (b)(1), each succeeding Economic Report shall have the goal of achieving as soon as practicable and maintaining thereafter full employment and a balanced budget.

#### (d) Review by President; report to Congress; modification of timetables

In the second Economic Report after October 27, 1978, the President shall review the numerical goals and timetables for the reduction of unemployment, inflation, and Federal outlays as a proportion of gross national product, and the goal of balancing the Federal budget; report to the Congress on the degree of progress being made, the programs and policies being used, and any obstacles to achieving such goals and timetables; and, if necessary, propose corrective economic measures toward achievement of such goals and timetables: *Provided*, That beginning with the second Report and in any subsequent Reports, if the President finds it necessary, the President may recommend modification of the timetable or timetables for the achievement of the goals provided for in subsection (b) and the annual numerical goals to make them consistent with the modified timetable or timetables, and the Congress may take such action as it deems appropriate consistent with title III of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3131 et seq.].

#### (e) Interim numerical goals for succeeding Economic Reports

If, after achievement of the 3 and 4 per centum goals specified in subsection (b), the unemployment rate for a year as set forth pursuant to section 1022(d) of this title is more than 3 per centum among individuals aged twenty and over or more than 4 per centum among individuals aged sixteen and over, the next Economic Report after such rate is set forth and each succeeding Economic Report shall include (as part of the five-year goals in each Economic Report)

the interim numerical goal of reducing unemployment to not more than the levels specified in subsection (b)(1) as soon as practicable but not later than the fifth calendar year after the first such Economic Report, counting as the first calendar year the year in which such Economic Report is issued: *Provided*, That, if the President finds it necessary, the President may, under the authority provided in subsection (d), recommend modification of the timetable provided for in this subsection for the reduction of unemployment, and for the purposes of section 304 of the Full Employment and Balanced Growth Act of 1978, such recommendation by the President shall be treated as a recommendation made under subsection (d) of this section.

**(f) Action taken to reduce unemployment**

(1) In taking action to reduce unemployment in accord with the numerical goals and timetable established under section<sup>1</sup> (b), every effort shall be made to reduce those differences between the rates of unemployment among youth, women<sup>2</sup> minorities, handicapped persons, veterans, middle-aged and older persons and other labor force groups and the overall rate of unemployment which are caused by any improper factors with the ultimate objective of removing such differentials to the extent possible.

(2) Insofar as the differences specified in the preceding paragraph are due to lack of training and skills, occupational practices, and other relevant factors, the Secretary of Labor shall—

(A) take such action as practicable to achieve the objectives of this subsection;

(B) make studies, develop information, and make recommendations toward remedying these differences in rates of unemployment, and prepare and submit to the President an annual report containing the recommendations; and

(C) make recommendations, as deemed necessary, to the Congress related to the objectives of this paragraph.

**(g) Definitions**

(1) The term “middle-aged and older persons” as used in this section includes any individual forty-five years of age or older.

(3) to appraise the various programs and activities of the Federal Government in the light of the policy declared in section 1021 of this title for the purpose of determining the extent to which such programs and activities are contributing, and the extent to which they are not contributing, to the achievement of such policy, and to make recommendations to the President with respect thereto;

**Editorial Notes****REFERENCES IN TEXT**

The Full Employment and Balanced Growth Act of 1978, referred to in subsec. (e), is Pub. L. 95-523, Oct. 27, 1978, 92 Stat. 1887, which is classified principally to chapter 58 (§3101 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 3101 of this title and Tables.

**CODIFICATION**

In subsec. (a), provisions that fixed the compensation of members of the Council have been omitted as obsolete. The positions of chairman and members of the Council are under the Executive Schedule, see sections 5313 and 5315 of Title 5, Government Organization and Employees.

In subsec. (b), provisions that authorized the Council to fix the compensation of such specialists and other experts as may be necessary for the carrying out of its functions under this chapter, without regard to “the Classification Act of 1923, as amended”, were omitted as obsolete. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the 1923 Act and all laws or parts of laws inconsistent with the 1949 Act. While section 1106(a) of the 1949 Act provided that ref-

erences in other laws to the 1923 Act should be held and considered to mean the 1949 Act, it did not have the effect of continuing the exceptions contained in this subsection because of section 1106(b) which provided that the application of the 1949 Act to any position, officer, or employee shall not be affected by section 1106(a). The Classification Act of 1949 was repealed by Pub. L. 89-554, Sept. 6, 1966, §8(a), 80 Stat. 632 (of which section 1 revised and enacted Title 5, Government Organization and Employees, into law). Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

“Chapter 51 and subchapter III of chapter 53 of title 5” substituted in subsec. (b) for “the Classification Act of 1949” on authority of Pub. L. 89-554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5.

#### AMENDMENTS

2012—Subsec. (a). Pub. L. 112-166 added subsec. (a) and struck out former subsec. (a). Prior to amendment, text read as follows: “There is created in the Executive Office of the President a Council of Economic Advisers (hereinafter called the “Council”). The Council shall be composed of three members who shall be appointed by the President by and with the advice and consent of the Senate, and each of whom shall be a person who, as a result of his training, experience, and attainments, is exceptionally qualified to analyze and interpret economic developments, to appraise programs and activities of the Government in the light of the policy declared in section 1021 of this title, and to formulate and recommend national economic policy to promote full employment, production, and purchasing power under free competitive enterprise. The President shall designate one of the members of the Council as chairman and one as vice chairman, who shall act as chairman in the absence of the chairman.”

1978—Subsec. (a). Pub. L. 95-523, §110(a)(1), inserted “full” after “policy to promote”.

Subsec. (c)(4). Pub. L. 95-523, §110(a)(2), inserted “including small and larger business” after “free competitive enterprise” and inserted “full” after “and to maintain”.

Subsec. (e). Pub. L. 95-523, §110(a)(3), (4), inserted in par. (1) “, and shall consult with the board or boards established under section 1022f of this title” after “as it deems advisable” and after par. (2) inserted provisions authorizing and directing the Council to seek and obtain the cooperation of executive and independent agencies in the development of specialized studies essential to its responsibilities.

1961—Subsec. (f). Pub. L. 87-49 struck out provisions which limited the appropriations for salaries of the members and officers and employees of the Council to not more than \$345,000 for each fiscal year.

1949—Subsec. (b). Act Oct. 28, 1949, substituted “Classification Act of 1949” for “Classification Act of 1923”.
