§ 631. Declaration of policy

(a) Aid, counsel, assistance, etc., to small business concerns

The essence of the American economic system of private enterprise is free competition. Only through full and free competition can free markets, free entry into business, and opportunities for the expression and growth of personal initiative and individual judgment be assured. The preservation and expansion of such competition is basic not only to the economic well-being but to the security of this Nation. Such security and well-being cannot be realized unless the actual and potential capacity of small business is encouraged and developed. It is the declared policy of the Congress that the Government should aid,

counsel, assist, and protect, insofar as is possible, the interests of small-business concerns in order to preserve free competitive enterprise, to insure that a fair proportion of the total purchases and contracts or subcontracts for property and services for the Government (including but not limited to contracts or subcontracts for maintenance, repair, and construction) be placed with small-business enterprises, to insure that a fair proportion of the total sales of Government property be made to such enterprises, and to maintain and strengthen the overall economy of the Nation.

(b) Assistance to compete in international markets

(1) It is the declared policy of the Congress that the Federal Government, through the Administrator of the Small Business Administration, acting through the Associate Administrator for International Trade, and in cooperation with the Department of Commerce and other relevant State and Federal agencies, should aid and assist small businesses, as defined under this chapter, to increase their ability to compete in international markets by—

- (A) enhancing their ability to export;
- (B) facilitating technology transfers;
- (C) enhancing their ability to compete effectively and efficiently against imports;
- (D) increasing the access of small businesses to long-term capital for the purchase of new plant and equipment used in the production of goods and services involved in international trade;
- (E) disseminating information concerning State, Federal, and private programs and initiatives to enhance the ability of small businesses to compete in international markets; and
- (F) ensuring that the interests of small businesses are adequately represented in bilateral and multilateral trade negotiations.

(2) The Congress recognizes that the Department of Commerce is the principal Federal agency for trade development and export promotion and that the Department of Commerce and the Small Business Administration work together to advance joint interests. It is the purpose of this chapter to enhance, not alter, their respective roles.

(c) Aid for agriculturally related industries; financial assistance

It is the declared policy of the Congress that the Government, through the Small Business Administration, should aid and assist small business concerns which are engaged in the production of food and fiber, ranching, and raising of livestock, aquaculture, and all other farming and agricultural related industries; and the financial assistance programs authorized by this chapter are also to be used to assist such concerns.

(d) Use of assistance programs to establish, preserve, and strengthen small business concerns

(1) The assistance programs authorized by sections 636(i) and 636(j) of this title are to be utilized to assist in the establishment, preservation, and strengthening of small business con-

cerns and improve the managerial skills employed in such enterprises, with special attention to small business concerns (1) located in urban or rural areas with high proportions of unemployed or low-income individuals; or (2) owned by low-income individuals; and to mobilize for these objectives private as well as public managerial skills and resources.

(2)(A) With respect to the programs authorized by section 636(j) of this title, the Congress finds—

(i) that ownership and control of productive capital is concentrated in the economy of the United States and certain groups, therefore, own and control little productive capital;

(ii) that certain groups in the United States own and control little productive capital because they have limited opportunities for small business ownership;

(iii) that the broadening of small business ownership among groups that presently own and control little productive capital is essential to provide for the well-being of this Nation by promoting their increased participation in the free enterprise system of the United States;

(iv) that such development of business ownership among groups that presently own and control little productive capital will be greatly facilitated through the creation of a small business ownership development program, which shall provide services, including, but not limited to, financial, management, and technical assistance.¹

(v) that the power to let Federal contracts pursuant to section 637(a) of this title can be an effective procurement assistance tool for development of business ownership among groups that own and control little productive capital; and

(vi) that the procurement authority under section 637(a) of this title shall be used only as a tool for developing business ownership among groups that own and control little productive capital.

(B) It is therefore the purpose of the programs authorized by section 636(j) of this title to—

(i) foster business ownership and development by individuals in groups that own and control little productive capital; and

(ii) promote the competitive viability of such firms in the marketplace by creating a small business and capital ownership development program to provide such available financial, technical, and management assistance as may be necessary.

(e) Assistance to victims of floods, etc., and those displaced as result of federally aided construction programs

Further, it is the declared policy of the Congress that the Government should aid and assist victims of floods and other catastrophes, and small-business concerns which are displaced as a result of federally aided construction programs.

(f) Findings; purpose

(1) with² respect to the Administration's business development programs the Congress finds—

¹ So in original. The period probably should be a semicolon.

² So in original. Probably should be capitalized.

(A) that the opportunity for full participation in our free enterprise system by socially and economically disadvantaged persons is essential if we are to obtain social and economic equality for such persons and improve the functioning of our national economy;

(B) that many such persons are socially disadvantaged because of their identification as members of certain groups that have suffered the effects of discriminatory practices or similar invidious circumstances over which they have no control;

(C) that such groups include, but are not limited to, Black Americans, Hispanic Americans, Native Americans, Indian tribes, Asian Pacific Americans, Native Hawaiian Organizations, and other minorities;

(D) that it is in the national interest to expeditiously ameliorate the conditions of socially and economically disadvantaged groups;

(E) that such conditions can be improved by providing the maximum practicable opportunity for the development of small business concerns owned by members of socially and economically disadvantaged groups;

(F) that such development can be materially advanced through the procurement by the United States of articles, equipment, supplies, services, materials, and construction work from such concerns; and

(G) that such procurements also benefit the United States by encouraging the expansion of suppliers for such procurements, thereby encouraging competition among such suppliers and promoting economy in such procurements.

(2) It is therefore the purpose of section 637(a) of this title to—

(A) promote the business development of small business concerns owned and controlled by socially and economically disadvantaged individuals so that such concerns can compete on an equal basis in the American economy;

(B) promote the competitive viability of such concerns in the marketplace by providing such available contract, financial, technical, and management³ assistance as may be necessary; and

(C) clarify and expand the program for the procurement by the United States of articles, supplies, services, materials, and construction work from small business concerns owned by socially and economically disadvantaged individuals.

(g) Assistance to disaster victims under disaster loan program

In administering the disaster loan program authorized by section 636 of this title, to the maximum extent possible, the Administration shall provide assistance and counseling to disaster victims in filing applications, providing information relevant to loan processing, and in loan closing and prompt disbursement of loan proceeds and shall give the disaster program a high priority in allocating funds for administrative expenses.

(h) Assistance to women owned business

(1) With respect to the programs and activities authorized by this chapter, the Congress finds that—

(A) women owned business has become a major contributor to the American economy by providing goods and services, revenues, and jobs;

(B) over the past two decades there have been substantial gains in the social and economic status of women as they have sought economic equality and independence;

(C) despite such progress, women, as a group, are subjected to discrimination in entrepreneurial endeavors due to their gender;

(D) such discrimination takes many overt and subtle forms adversely impacting the ability to raise or secure capital, to acquire managerial talents, and to capture market opportunities;

(E) it is in the national interest to expeditiously remove discriminatory barriers to the creation and development of small business concerns owned and controlled by women;

(F) the removal of such barriers is essential to provide a fair opportunity for full participation in the free enterprise system by women and to further increase the economic vitality of the Nation;

(G) increased numbers of small business concerns owned and controlled by women will directly benefit the United States Government by expanding the potential number of suppliers of goods and services to the Government; and

(H) programs and activities designed to assist small business concerns owned and controlled by women must be implemented in such a way as to remove such discriminatory barriers while not adversely affecting the rights of socially and economically disadvantaged individuals.

(2) It is, therefore, the purpose of those programs and activities conducted under the authority of this chapter that assist women entrepreneurs to—

(A) vigorously promote the legitimate interests of small business concerns owned and controlled by women;

(B) remove, insofar as possible, the discriminatory barriers that are encountered by women in accessing capital and other factors of production; and

(C) require that the Government engage in a systematic and sustained effort to identify, define and analyze those discriminatory barriers facing women and that such effort directly involve the participation of women business owners in the public/private sector partnership.

(i) Prohibition on use of funds for individuals not lawfully within United States

None of the funds made available pursuant to this chapter may be used to provide any direct benefit or assistance to any individual in the United States if the Administrator or the official to which the funds are made available receives notification that the individual is not lawfully within the United States.

(j) Contract bundling

In complying with the statement of congressional policy expressed in subsection (a), relating to fostering the participation of small busi-

ness concerns in the contracting opportunities of the Government, each Federal agency, to the maximum extent practicable, shall—

(1) comply with congressional intent to foster the participation of small business concerns as prime contractors, subcontractors, and suppliers;

(2) structure its contracting requirements to facilitate competition by and among small business concerns, taking all reasonable steps to eliminate obstacles to their participation; and

(3) avoid unnecessary and unjustified bundling of contract requirements that precludes small business participation in procurements as prime contractors.

EX. ORD. NO. 11625. NATIONAL PROGRAM FOR MINORITY BUSINESS ENTERPRISE

Ex. Ord. No. 11625, Oct. 13, 1971, 36 F.R. 19967, as amended by Ex. Ord. No. 12007, Aug. 22, 1977, 42 F.R. 42839, provided:

The opportunity for full participation in our free enterprise system by socially and economically disadvantaged persons is essential if we are to obtain social and economic justice for such persons and improve the functioning of our national economy.

The Office of Minority Business Enterprise, established in 1969, greatly facilitated the strengthening and expansion of our minority enterprise program. In order to take full advantage of resources and opportunities in the minority enterprise field, we now must build on this foundation. One important way of improving our efforts is by clarifying the authority of the Secretary of Commerce (a) to implement Federal policy in support of the minority business enterprise program; (b) provide additional technical and management assistance to disadvantaged business; (c) to assist in demonstration projects; and (d) to coordinate the participation of all Federal departments and agencies in an increased minority enterprise effort.

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

SECTION 1. *Functions of the Secretary of Commerce.* (a) The Secretary of Commerce (hereinafter referred to as "the Secretary") shall—

(1) Coordinate as consistent with law the plans, programs, and operations of the Federal Government which affect or may contribute to the establishment, preservation, and strengthening of minority business enterprise.

(2) Promote the mobilization of activities and resources of State and local governments, businesses and trade associations, universities, foundations, professional organizations, and volunteer and other groups towards the growth of minority business enterprises, and facilitate the coordination of the efforts of these groups with those of Federal departments and agencies.

(3) Establish a center for the development, collection, summarization, and dissemination of information that will be helpful to persons and organizations throughout the Nation in undertaking or promoting the establishment and successful operation of minority business enterprise.

(4) Within constraints of law and appropriations therefor, and according to his discretion, provide financial assistance to public and private organizations so that they may render technical and management assistance to minority business enterprises, and defray all or part of the costs of pilot or demonstration projects conducted by public or private agencies or organizations which are designed to overcome the special problems of minority business enterprises or otherwise to further the purposes of this order.

(b) The Secretary, as he deems necessary or appropriate to enable him to better fulfill the responsibilities vested in him by subsection (a), may—

(1) With the participation of other Federal departments and agencies as appropriate, develop comprehensive plans and specific program goals for the minority enterprise program; establish regular performance monitoring and reporting systems to assure that goals are being achieved; and evaluate the impact of Federal support in achieving the objectives established by this order.

(2) Require a coordinated review of all proposed Federal training and technical assistance activities in di-

rect support of the minority enterprise program to assure consistency with program goals and to avoid duplication.

(3) Convene, for purposes of coordination, meetings of the heads of such departments and agencies, or their designees, whose programs and activities may affect or contribute to the purposes of this order.

(4) Convene business leaders, educators, and other representatives of the private sector who are engaged in assisting the development of minority business enterprise or who could contribute to its development, for the purpose of proposing, evaluating and coordinating governmental and private activities in furtherance of the objectives of this order.

(5) Confer with and advise officials of State and local governments.

(6) Provide the managerial and organizational framework through which joint or collaborative undertakings with Federal departments or agencies or private organizations can be planned and implemented.

(7) Recommend appropriate legislative or executive actions.

SEC. 2. [Revoked by Ex. Ord. No. 12007, Aug. 22, 1977, 42 F.R. 42839.]

SEC. 3. *Responsibilities of Other Federal Departments and Agencies.* (a) The head of each Federal department and agency, or a representative designated by him, when and in the manner so requested by the Secretary, shall furnish information, assistance, and reports to, and shall otherwise cooperate with, the Secretary in the performance of his functions hereunder.

(b) The head of each Federal department or agency shall, when so requested by the Secretary, designate his Under Secretary or such other similar official to have primary and continuing responsibility for the participation and cooperation of that department or agency in matters concerning minority business enterprise.

(c) The officials designated under the preceding paragraph, when so requested, shall review and report to the Secretary upon the policies and programs of the minority business enterprise program, and shall keep the Secretary informed of all proposed budgets, plans and programs of his department or agency affecting minority business enterprise.

(c) Each Federal agency shall encourage recipients of Federal grants and cooperative agreements to achieve a reasonable minority business participation in contracts let as a result of its grants and agreements. In cases where State and local governments are the recipients, such encouragement shall be consistent with principles of federalism.

(d) Each Federal agency shall provide the Cabinet Council on Commerce and Trade such information as it shall request from time to time concerning the agency's progress in implementing these programs.

EX. ORD. NO. 12928. PROMOTING PROCUREMENT WITH SMALL BUSINESSES OWNED AND CONTROLLED BY SOCIALLY AND ECONOMICALLY DISADVANTAGED INDIVIDUALS, HISTORICALLY BLACK COLLEGES AND UNIVERSITIES, AND MINORITY INSTITUTIONS

Ex. Ord. No. 12928, Sept. 16, 1994, 59 F.R. 48377, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, in order to enforce rigorously the letter and spirit of public laws that promote increased participation in Federal procurement by Small Businesses Owned and Controlled by Socially and Economically Disadvantaged Individuals (SDBs) as described in section 8 of the Small Business Act (15 U.S.C. 637), Historically Black Colleges and Universities (HBCUs) as described in 34 C.F.R. 608.2, and Minority Institutions (MIs) as referred to in sections 1046(3) and 316(b)(1) of the Higher Education Act of 1965, as amended (20 U.S.C. 1135d-5(3) and 1059c(b)(1), respectively), it is hereby ordered as follows:

SECTION 1. *Policy Statement.* It is the policy of the United States Government that all department and agency heads and all Federal employees involved in the procurement of any and all goods and services shall assist SDBs, HBCUs, and MIs, as applicable, to develop viable, self-sustaining businesses capable of competing on an equal basis in the mainstream of the American economy. To that end, all Federal personnel shall commit to the letter and spirit of all laws promoting the participation of SDBs, HBCUs, and MIs in Federal procurement. The laws promote:

(a) the award of contracts to SDBs, HBCUs, and MIs through the Small Business Administration Section 8(a) [15 U.S.C. 637(a)] Program, the Department of Defense Small and Disadvantaged Business Program, other agency programs, and through other specific statutory authority or appropriate means;

(b) the establishment of particular goals for SDBs, HBCUs, or MIs on an agency-by-agency basis and the requirement that prime contractors and other recipients of Federal funds attain similar goals in their procurement; and

(c) the establishment of other mechanisms that ensure that SDBs, HBCUs, and MIs have a fair opportunity to participate in Federal procurement.

SEC. 2. *Attainment of Goals.* All departments and agencies are required by law to establish participation goals of not less than 5 percent (15 U.S.C. 644(g)) or a greater percentage where otherwise required by law, as further provided in the Office of Federal Procurement Policy Letter No. 91-1 of March 11, 1991. Although the Federal Government has made substantial strides toward meeting established SDB, HBCU, and MI participation goals, certain departments and agencies have from time to time failed to aggressively pursue such goals. Department and agency heads are henceforth directed to execute, implement, and otherwise aggressively strive to fulfill the statutorily-mandated procurement participation goals. In addition, all departments and agencies are encouraged to set reasonable participation goals that exceed statutory requirements, to the extent permitted by law.

SEC. 3. *Subcontracting Plans.* The Small Business Act, (15 U.S.C. 637(d)) and other related laws require certain prime contractors to maximize the use of SDBs in subcontracting plans and strive to achieve stated goals through prime contractors' subcontracting practices. Department and agency heads are directed to aggressively enforce these prime contractors' obligations to maximize awards of subcontracts to eligible SDBs.

SEC. 4. *Office of Small and Disadvantaged Business Utilization ("OSDBU").*

(a) Section 15(k) of the Small Business Act (15 U.S.C. 644(k)) establishes in each Federal department and agency an OSDBU and requires that the Director of the OSDBU "be responsible only to, and report directly to, the head of such agency or to the deputy of such head" (15 U.S.C. 644(k)(3)). To the extent not prohibited by law, each department and agency shall ensure that the aforementioned direct reporting requirements are henceforth vigorously enforced.

(b) Because of the importance of the OSDBU function, each department and agency shall also, to the extent not prohibited by law, comply with the Office of Federal Procurement Policy Letter No. 79-1 of March 7, 1979, which provides implementation guidance on sec-

tion 15k [15(k)] and the organizational placement and functions of the OSDDBU.

SEC. 5. *Anti-fraud Enforcement.* All department and agency heads shall ensure that in enforcing the laws and requirements mentioned in this order, Federal benefits or contracts intended for SDBs, HBCUs, and MIs are not awarded to entities that are not legitimate SDBs, HBCUs, and MIs. Department and agency anti-fraud enforcement, however, shall not diminish agency vigor in achieving the aforementioned participation goals, which exist to promote the development of legitimate SDBs, HBCUs, and MIs. Nothing herein is intended to change self-certification requirements.

SEC. 6. *Periodic Reports to the President.* The Administrator of the Small Business Administration and the Administrator of the Office of Federal Procurement Policy shall report to the President periodically on the progress of all departments and agencies in complying with the laws and requirements mentioned in this order.

SEC. 7. *Independent Agencies.* Independent agencies are requested to comply with the provisions of this order.

SEC. 8. This order shall be effective immediately.

Ex. Ord. No. 13169, Oct. 6, 2000, 65 F.R. 60581, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Small Business Act, 15 U.S.C. 631 *et seq.*, the Workforce Investment Act, [former] 29 U.S.C. 2801 *et seq.*, and the Trade Act of 1974, 19 U.S.C. 2271 *et seq.* [19 U.S.C. 2101 *et seq.*], and in order to assist small businesses, including businesses headed by underserved populations, in participating in the export of products, and to expedite the delivery of adjustment assistance to dislocated workers, it is hereby ordered as follows:

SECTION 1. *Policy.* By its accession to the World Trade Organization, the People's Republic of China will be required to open its markets to a wide range of products and services provided by Americans. In addition, the United States has recently enacted a new law to facilitate trade with the countries of Sub-Saharan Africa and the Caribbean Basin. Federal agencies should take steps to assist small businesses, including businesses headed by underserved populations, in capitalizing on these new opportunities. The agencies should also take steps to assist workers who lose their jobs as a result of competition from imports in their efforts to secure adjustment assistance benefits for which they are eligible.

SEC. 2. *Interagency Task Force on Small Business Exports.* (a) The Secretaries of Commerce and Labor, the Administrator of the Small Business Administration, the United States Trade Representative, and the Chairman of the Export-Import Bank shall, within 60 days from the date of this order, establish an interagency task force through the Trade Promotion Coordinating Committee (TPCC). The task force shall facilitate exports by United States small businesses, including businesses headed by underserved populations, particularly with respect to the People's Republic of China and the countries of Sub-Saharan Africa and the Caribbean Basin. The TPCC shall submit an annual report to the President on the functions carried out by this task force during the preceding year. As part of its work, the task force shall assess the extent to which the establishment of permanent normal trade relations with the People's Republic of China, and the United States enactment of the African Growth and Opportunity Act, 19 U.S.C.A. 3701 *et seq.*, and the United States-Caribbean Basin Trade Partnership Act, 19 U.S.C.A. 2701 note, may contribute to the creation of export opportunities for small businesses including businesses headed by underserved populations.

(b) For the purposes of this order, "businesses headed by underserved populations" means businesses headed

by women or minorities, and/or located in rural communities.

SEC. 3. *Expedited Response to Worker Dislocation.* (a) The Secretary of Labor shall expedite the Federal response to worker dislocation through the Workforce Investment Act and the Trade Adjustment Assistance program by proactively seeking information, from a variety of sources, on actual or prospective layoffs, including the media and community and labor union members, and by sharing such information with appropriate state workforce officials. In addition, the Department of Labor (Labor) shall undertake a number of proactive steps to support public outreach activities aimed at workers, employers, the media, local officials, the community, and labor organizations and their members to improve awareness of the adjustment assistance available through Labor programs, including, but not limited to:

(1) developing a set of methods to inform employers of the services available through Labor workforce programs, which will explain the requirements of the Worker Adjustment and Retraining Notification Act, 29 U.S.C. 2101 *et seq.*, and provide information on worker adjustment programs, including the Trade Adjustment Assistance and the basic dislocated worker programs, emphasizing the importance of early intervention to minimize the affects of work layoffs;

(2) improving websites and other modes of communication to provide basic information on dislocated worker and Trade Adjustment Assistance program contacts at the State and local level;

(3) developing a National Toll-Free Help Line to provide universal, accurate, and easy access to information about public workforce services to workers and employers;

(4) providing on-site technical assistance, in partnership with other Federal agencies, when there are layoffs or closures with multi-State impact, or when there are dislocations with significant community impact (such as areas that have been affected by numerous layoffs of apparel and textile workers);

(5) informing States directly when a secondary worker impact has been affirmed by Labor; and

(6) to the extent permitted by law, and subject to the availability of appropriations, providing funding or an outreach campaign for secondary workers (i.e., individuals indirectly affected by increased imports from other countries).

(b) The Secretary of Labor, in consultation with the Secretary of Commerce and the United States Trade Representative, shall report annually on the employment effects of the establishment of permanent normal trade relations with the People's Republic of China.

SEC. 4. *Judicial Review.* This order does not create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its officers, its employees, or any other person.

GEORGE W. BUSH.

ESTABLISHING AN INTERAGENCY TASK FORCE ON FEDERAL CONTRACTING OPPORTUNITIES FOR SMALL BUSINESSES

Memorandum of President of the United States, Apr. 26, 2010, 75 F.R. 22499, provided:

Memorandum for the Heads of Executive Departments and Agencies

The Federal Government is the world's largest purchaser of goods and services, with purchases totaling over \$500 billion per year. The American Recovery and Reinvestment Act of 2009 (Recovery Act) and other national investments are providing new opportunities for small businesses to compete for Federal contracts, and it is critical that these investments tap into the talents and skills of a broad cross-section of American business and industry. Small businesses must be able to participate in the Nation's economic recovery, including businesses owned by women, minorities, socially and economically disadvantaged individuals, and service-disabled veterans of our Armed Forces. These businesses should be able to compete and participate effectively in Federal contracts.

The Congress has established a number of statutory goals designed to help small businesses compete for Federal contracts. In addition to the goal of awarding at least 23 percent of all Federal prime contracting dollars to small businesses, the Congress also established Government-wide contracting goals for participation by small businesses that are located in Historically Underutilized Business Zones (at least 3 percent) or that are owned by women (at least 5 percent), socially and economically disadvantaged individuals (at least 5 percent), and service-disabled veterans (at least 3 percent). These aspirational goals help ensure that all Americans share in the jobs and opportunities created by Federal procurement.

In recent years, the Federal Government has not consistently reached its small business contracting goals. Although we have made some progress—particularly with respect to Recovery Act contracts—more work can and should be done. I am committed to ensuring that small businesses, including firms owned by women, minorities, socially and economically disadvantaged individuals, and service-disabled veterans, have fair access to Federal Government contracting. Indeed, where small businesses have the capacity to do more, we should strive to exceed the statutory goals. While Chief Acquisition Officers and Senior Procurement Executives have many priorities, small business contracting should always be a high priority in the procurement process.

Obtaining tangible results will require an honest and accurate accounting of our progress so that we can have transparency and accountability through Federal small business procurement data. Additionally, we must expand outreach strategies to alert small firms to Federal contracting opportunities.

In order to coordinate executive departments' and agencies' efforts towards ensuring that all small businesses have a fair chance to participate in Federal contracting opportunities, it is hereby ordered as follows:

SECTION 1. *Establishment.* There is established an Interagency Task Force on Federal Contracting Opportunities for Small Businesses (Task Force). The Secretary of Commerce (Secretary), the Director of the Office of Management and Budget (Director), and the Administrator of the Small Business Administration (Administrator) shall serve as Co-Chairs of the Task Force and shall direct its work.

SEC. 2. *Membership.* In addition to the Secretary, the Director, and the Administrator, the Task Force shall consist of the following members:

- (i) the Secretary of the Treasury;
 - (ii) the Secretary of Defense;
 - (iii) the Attorney General;
 - (iv) the Secretary of Labor;
 - (v) the Secretary of Housing and Urban Development;
 - (vi) the Secretary of Transportation;
 - (vii) the Secretary of Veterans Affairs;
 - (viii) the Secretary of Homeland Security;
 - (ix) the Administrator of General Services;
 - (x) the Administrator of the National Aeronautics and Space Administration;
 - (xi) the Director of the Minority Business Development Agency;
 - (xii) the Director of the Office of Science and Technology Policy;
 - (xiii) the Director of the Domestic Policy Council;
 - (xiv) the Director of the National Economic Council;
 - (xv) the Chair of the Council of Economic Advisers;
- and
- (xvi) the heads of such other executive departments, agencies, and offices as the President may, from time to time, designate.

A member of the Task Force may designate, to perform the Task Force functions of the member, one or more senior officials who are part of the member's department, agency, or office, and who are full-time officers or employees of the Federal Government.

SEC. 3. *Functions.* The Task Force shall provide to the President, not later than 120 days after the date of this memorandum, proposals and recommendations for:

- (i) using innovative strategies, such as teaming, to increase opportunities for small business contractors and utilizing and expanding mentorship programs, such as the mentor-protégé program;
- (ii) removing barriers to participation by small businesses in the Federal marketplace by unbundling large projects, improving training of Federal acquisition officials with respect to strategies for increasing small business contracting opportunities, and utilizing new technologies to enhance the effectiveness and efficiency of Federal program managers, acquisition officials, and the Directors of Offices of Small Business Programs and Offices of Small and Disadvantaged Business Utilization, their managers, and procurement cen-

ter representatives in identifying and providing access to these opportunities;

- (iii) expanding outreach strategies to match small businesses, including firms located in Historically Underutilized Business Zones and firms owned and controlled by women, minorities, socially and economically disadvantaged individuals, and service-disabled veterans of our Armed Forces, with contracting and subcontracting opportunities; and

- (iv) establishing policies, including revision or clarification of existing legislation, regulations, or policies, that are necessary or appropriate to effectuate the objectives of this memorandum.

SEC. 4. *Using Technology to Improve Transparency and Accountability.* Within 90 days of the date of this memorandum, the Assistant to the President and Chief Technology Officer and the Federal Chief Information Officer, in coordination with the Task Force, shall develop a website that illustrates the participation of small businesses, including those owned by women, minorities, socially and economically disadvantaged individuals, and service-disabled veterans of our Armed Forces, in Federal contracting. To foster greater accountability and transparency in, and allow oversight of, the Federal Government's progress, this website shall be designed to encourage improved collection, verification, and availability of Federal procurement data and provide accurate data on the Federal Government's progress in ensuring that all small businesses have a fair chance to participate in Federal contracting opportunities.

SEC. 5. *Outreach.* In developing its recommendations, the Task Force shall conduct outreach with representatives of small businesses and small business associations.

SEC. 6. *General Provisions.* (a) This memorandum shall be implemented consistent with applicable law and subject to the availability of any necessary appropriations.

(b) This memorandum does not create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(c) The heads of executive departments and agencies shall assist and provide information to the Task Force, consistent with applicable law, as may be necessary to carry out the functions of the Task Force. Each executive department and agency shall bear its own expenses of participating in the Task Force.

(d) The Director is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

§ 631a. Congressional declaration of small business economic policy

(a) Foster small business

For the purpose of preserving and promoting a competitive free enterprise economic system, Congress hereby declares that it is the continuing policy and responsibility of the Federal Government to use all practical means and to take such actions as are necessary, consistent with its needs and obligations and other essential considerations of national policy, to implement and coordinate all Federal department, agency, and instrumentality policies, programs, and activities in order to: foster the economic interests of small businesses; insure a competitive economic climate conducive to the development, growth and expansion of small businesses; establish incentives to assure that adequate capital and other resources at competitive prices are available to small businesses; reduce the concentration of economic resources and expand competition; and provide an opportunity for entrepreneurship, inventiveness, and the creation and growth of small businesses.

(b) Capital availability to small business

Congress further declares that the Federal Government is committed to a policy of utilizing all reasonable means, consistent with the overall economic policy goals of the Nation and the preservation of the competitive free enterprise system of the Nation, to establish private sector incentives that will help assure that adequate capital at competitive prices is available to small businesses. To fulfill this policy, departments, agencies, and instrumentalities of the Federal Government shall use all reasonable means to coordinate, create, and sustain policies and programs which promote investment in small businesses, including those investments which expand employment opportunities and which foster the effective and efficient use of human and natural resources in the economy of the Nation.

§ 632. Definitions**(a) Small business concerns****(1) In general**

For the purposes of this chapter, a small-business concern, including but not limited to enterprises that are engaged in the business of production of food and fiber, ranching and raising of livestock, aquaculture, and all other farming and agricultural related industries, shall be deemed to be one which is independently owned and operated and which is not dominant in its field of operation.

(2) Establishment of size standards**(A) In general**

In addition to the criteria specified in paragraph (1) and subject to the requirements specified under subparagraph (C), the Administrator may specify detailed definitions or standards by which a business concern may be determined to be a small business concern for the purposes of this chapter or any other Act.

(B) Additional criteria

The standards described in paragraph (1) may utilize number of employees, dollar volume of business, net worth, net income, a combination thereof, or other appropriate factors.

(C) Requirements

Unless specifically authorized by statute, no Federal department (including the Administration when acting pursuant to subparagraph (A)) or agency may prescribe a size standard for categorizing a business concern as a small business concern, unless such proposed size standard—

- (i) is proposed after an opportunity for public notice and comment;
- (ii) provides for determining—

- (I) the size of a manufacturing concern as measured by the manufacturing concern's average employment based upon employment during each of the manufacturing concern's pay periods for the preceding 24 months;

- (II) the size of a business concern providing services on the basis of the annual average gross receipts of the business concern over a period of not less than 5 years;

- (IV) other appropriate factors; and

- (iii) is approved by the Administrator.

(3) Variation by industry and consideration of other factors

(4) Exclusion of certain security expenses from consideration for purpose of small business size standards**(A) Determination required**

Not later than 30 days after January 6, 2006, the Administrator shall review the application of size standards established pursuant to paragraph (2) to small business concerns that are performing contracts in qualified areas and determine whether it would be fair and appropriate to exclude from consideration in the average annual gross receipts of such small business concerns any payments made to such small business concerns by Federal agencies to reimburse such small business concerns for the cost of subcontracts entered for the sole purpose of providing security services in a qualified area.

(B) Action required

Not later than 60 days after January 6, 2006, the Administrator shall either—

- (i) initiate an adjustment to the size standards, as described in subparagraph (A), if the Administrator determines that such an adjustment would be fair and appropriate; or
- (ii) provide a report to the Committee on Small Business and Entrepreneurship of the Senate and the Committee on Small Business of the House of Representatives explaining in detail the basis for the determination by the Administrator that such an adjustment would not be fair and appropriate.

(C) Qualified areas

(B) Interim rule

Until the date on which the alternative size standard established under subparagraph (A) is in effect, an applicant for a business loan under section 636(a) of this title or an applicant for a development company loan under title V of the Small Business Investment Act of 1958 may be eligible for such a loan if—

In conducting rulemaking to revise, modify or establish size standards pursuant to this section, the Administrator shall consider, and address, and make publicly available as part of the notice of proposed rulemaking and notice of final rule each of the following:

- (A) a detailed description of the industry for which the new size standard is proposed;
- (B) an analysis of the competitive environment for that industry;

§ 634. General powers

(a) Seal; appointment and compensation of personnel; use of other services and facilities

The Administration shall have power to adopt, alter, and use a seal, which shall be judicially noticed. The Administrator is authorized, subject to the civil service and classification laws, to select, employ, appoint, and fix the compensation of such officers, employees, attorneys, and agents as shall be necessary to carry out the provisions of this chapter; to define their authority and duties; and to pay the costs of qualification of certain of them as notaries public. The Administration, with the consent of any board, commission, independent establishment, or executive department of the Government, may avail itself on a reimbursable or non-reimbursable basis of the use of information, services, facilities (including any field service thereof), officers, and employees thereof, in carrying out the provisions of this chapter.

(b) Powers of Administrator

In the performance of, and with respect to, the functions, powers, and duties vested in him by this chapter the Administrator may—

(1) sue and be sued in any court of record of a State having general jurisdiction, or in any United States district court, and jurisdiction is conferred upon such district court to determine such controversies without regard to the amount in controversy; but no attachment, injunction, garnishment, or other similar process, mesne or final, shall be issued against the Administrator or his property;

(2) under regulations prescribed by him, assign or sell at public or private sale, or otherwise dispose of for cash or credit, in his discretion and upon such terms and conditions and for such consideration as the Administrator shall determine to be reasonable, any evidence of debt, contract, claim, personal property, or security assigned to or held by him in connection with the payment of loans granted under this chapter, and to collect or compromise all obligations assigned to or held by him and all legal or equitable rights accruing to him in connection with the payment of such loans until such time as such obligations may be referred to the Attorney General for suit or collection;

(3) deal with, complete, renovate, improve, modernize, insure, or rent, or sell for cash or credit upon such terms and conditions and for such consideration as the Administrator shall determine to be reasonable, any real property conveyed to or otherwise acquired by him in connection with the payment of loans granted under this chapter;

(4) pursue to final collection, by way of compromise or otherwise, all claims against third parties assigned to the Administrator in connection with loans made by him. This shall include authority to obtain deficiency judgments or otherwise in the case of mortgages assigned to the Administrator. Section 6101 of title 41 shall not be construed to apply to any contract of hazard insurance or to any purchase or contract for services or supplies on account of property obtained by the Administrator as a result of loans made under this chapter if the premium therefor or the amount thereof does not exceed \$1,000. The power to convey and to execute in the name of the Administrator deeds of conveyance, deeds of release, assignments and satisfactions of mortgages, and any other written instrument relating to real property or any interest therein acquired by the Administrator pursuant to the provisions of this chapter may be exercised by the Administrator or by any officer or agent appointed by him without the execution of any express delegation of power or power of attorney. Nothing in this section shall be construed to prevent the Administrator from delegating such power by order or by power of attorney, in his discretion, to any officer or agent he may appoint;

(5) acquire, in any lawful manner, any property (real, personal, or mixed, tangible or intangible), whenever deemed necessary or appropriate to the conduct of the activities authorized in sections 636(a) and 636(b) of this title;

(6) make such rules and regulations as he deems necessary to carry out the authority vested in him by or pursuant to this chapter;

(7) in addition to any powers, functions, privileges and immunities otherwise vested in him, take any and all actions (including the procurement of the services of attorneys by contract in any office where an attorney or attorneys are not or cannot be economically employed full time to render such services) when he determines such actions are necessary or desirable in making, servicing, compromising, modifying, liquidating, or otherwise dealing with or realizing on loans made under the provisions of this chapter: *Provided*, That with respect to deferred participation loans, including loans guaranteed under paragraph (15) or (35) of section 636(a) of this title, the Administrator may, in the discretion of and pursuant to regulations promulgated by the Administrator, authorize participating lending institutions to take actions relating to loan servicing on behalf of the Administrator, including determining eligibility and creditworthiness and loan monitoring, collection, and liquidation;

(9) accept the services and facilities of Federal, State, and local agencies and groups, both public and private, and utilize such gratuitous services and facilities as may, from time to time, be necessary, to further the objectives of section 636(b) of this title;

(10) upon purchase by the Administration of any deferred participation entered into under section 636 of this title, continue to charge a rate of interest not to exceed that initially charged by the participating institution on the amount so purchased for the remaining term of the indebtedness;

(11) make such investigations as he deems necessary to determine whether a recipient of or participant in any assistance under this chapter or any other person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this chapter, or of any rule or regulation under this chapter, or of any order issued under this chapter. The Administration shall permit any person to file with it a statement in writing, under oath or otherwise as the Administration shall determine, as to all the facts and circumstances concerning the matter to be investigated. For the purpose of any investigation, the Administration is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance,

take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena issued to, any person, including a recipient or participant, the Administration may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Administration, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found;

(12) impose, retain, and use only those fees which are specifically authorized by law or which are in effect on September 30, 1994, and in the amounts and at the rates in effect on such date, except that the Administrator may, subject to approval in appropriations Acts, impose, retain, and utilize, additional fees—

(A) not to exceed \$100 for each loan servicing action (other than a loan assumption) requested after disbursement of the loan, including any substitution of collateral, release or substitution of a guarantor, reamortization, or similar action;

(B) not to exceed \$300 for loan assumptions;

(C) not to exceed 1 percent of the amount of requested financings under title III of the Small Business Investment Act of 1958 [15 U.S.C. 681 et seq.] for which the applicant requests a commitment from the Administration for funding during the following year; and

(D) to recover the direct, incremental cost involved in the production and dissemination of compilations of information produced by the Administration under the authority of this chapter and the Small Business Investment Act of 1958 [15 U.S.C. 661 et seq.];

(13) collect, retain and utilize, subject to approval in appropriations Acts, any amounts collected by fiscal transfer agents and not used by such agent as payment of the cost of loan pooling or debenture servicing operations, except that amounts collected under this paragraph and paragraph (12) shall be utilized solely to facilitate the administration of the program that generated the excess amounts; and

(14) require any lender authorized to make loans under section 636 of this title to pay examination and review fees, which shall be deposited in the account for salaries and expenses of the Administration, and shall be available for the costs of examinations, reviews, and other lender oversight activities.

(c) Procurement of experts and consultants; compensation and expenses

To such extent as he finds necessary to carry out the provisions of this chapter, the Administrator is authorized to procure the temporary (not in excess of one year) or intermittent services of experts or consultants or organizations thereof, including stenographic reporting services, by contract or appointment, and in such cases such services shall be without regard to the civil-service and classification laws and, except in the case of stenographic reporting services by organizations, without regard to section 6101 of title 41. Any individual so employed may be compensated at a rate not in excess of the daily equivalent of the highest rate payable under section 5332 of title 5, including travel time, and, while such individual is away from his or her home or regular place of business, he or she may be allowed travel expenses (including per diem in lieu of subsistence) as authorized by section 5703 of title 5.

(d) Safety deposit box rentals

Section 3324(a) and (b) of title 31 shall not apply to prepayments of rentals made by the Administration on safety deposit boxes used by the Administration for the safeguarding of instruments held as security for loans or for the safeguarding of other documents.

(e) Undertaking or suspension of payment obligation; period; extension of maturity; repayment agreement; "required payments" defined

(1) Subject to the requirements and conditions contained in this subsection, upon application by a small business concern which is the recipient of a loan made under this chapter, the Administration may undertake the small business concern's obligation to make the required payments under such loan or may suspend such obligation if the loan was a direct loan made by the Administration. While such payments are being made by the Administration pursuant to the undertaking of such obligation or while such obligation is suspended, no such payment with respect to the loan may be required from the small business concern.

(2) The Administration may undertake or suspend for a period of not to exceed 5 years any small business concern's obligation under this subsection only if—

(A) without such undertaking or suspension of the obligation, the small business concern would, in the sole discretion of the Administration, become insolvent or remain insolvent;

(B) with the undertaking or suspension of the obligation, the small business concern would, in the sole discretion of the Administration, become or remain a viable small business entity; and

(C) the small business concern executes an agreement in writing satisfactory to the Administration as provided by paragraph (4).

(3) Notwithstanding the provisions of sections 636(a)(4)(C) and 636(i)(1) of this title, the Administration may extend the maturity of any loan on which the Administration undertakes or suspends the obligation pursuant to this subsection for a corresponding period of time.

(4)(A) Prior to the undertaking or suspension by the Administration of any small business concern's obligation under this subsection, the Administration, consistent with the purposes sought to be achieved herein, shall require the small business concern to agree in writing to repay to it the aggregate amount of the payments which were required under the loan during the period for which such obligation was undertaken or suspended, either—

- (i) by periodic payments not less in amount or less frequently falling due than those which were due under the loan during such period, or
- (ii) pursuant to a repayment schedule agreed upon by the Administration and the small business concern, or
- (iii) by a combination of the payments described in clause (i) and clause (ii).

(B) In addition to requiring the small business concern to execute the agreement described in subparagraph (A), the Administration shall, prior to the undertaking or suspension of the obligation, take such action, and require the small business concern to take such action as the Administration deems appropriate in the circumstances, including the provision of such security as the Administration deems necessary or appropriate to insure that the rights and interests of the lender (Small Business Administration or participant) will be safeguarded adequately during and after the period in which such obligation is so undertaken or suspended.

(5) The term "required payments" with respect to any loan means payments of principal and interest under the loan.

(f) Sale of guaranteed portion of loans by lender or subsequent holder; limitations; secondary market

(1) The guaranteed portion of any loan made pursuant to this chapter may be sold by the lender, and by any subsequent holder, consistent with regulations on such sales as the Administration shall establish, subject to the following limitations:

(A) prior to the Administration's approval of the sale, or upon any subsequent resale, of any loan guaranteed by the Administration, if the lender certifies that such loan has been properly closed and that the lender has substantially complied with the provisions of the guarantee agreement and the regulations of the Administration, the Administration shall review and approve only materials not previously approved;

(B) all fees due the Administration on a guaranteed loan shall have been paid in full prior to any sale; and

(C) each loan, except each loan made under section 636(a)(14) of this title, shall have been fully disbursed to the borrower prior to any sale.

(2) After a loan is sold in the secondary market, the lender shall remain obligated under its guarantee agreement with the Administration, and shall continue to service the loan in a manner consistent with the terms and conditions of such agreement.

(3) The Administration shall develop such procedures as are necessary for the facilitation, ad-

ministration, and promotion of secondary market operations, and for assessing the increase of small business access to capital at reasonable rates and terms as a result of secondary market operations. Beginning on March 31, 1997, the sale of the unguaranteed portion of any loan made under section 636(a) of this title shall not be permitted until a final regulation that applies uniformly to both depository institutions and other lenders is promulgated by the Administration setting forth the terms and conditions under which such sales can be permitted, including maintenance of appropriate reserve requirements and other safeguards to protect the safety and soundness of the program.

(4) Nothing in this subsection or subsection (g) of this section shall be interpreted to impede or extinguish the right of the borrower or the successor in interest to such borrower to prepay (in whole or in part) any loan made pursuant to section 636(a) of this title, the guaranteed portion of which may be included in such trust or pool, or to impede or extinguish the rights of any party pursuant to section 636(a)(6)(C) of this title or subsection (e) of this section.

(g) Trust certificates; guarantee of timely payments of principal and interest; full faith and credit of United States; collection of fees; subrogation; division of loan guarantees

(1) The Administration is authorized to issue trust certificates representing ownership of all or a fractional part of the guaranteed portion of one or more loans which have been guaranteed by the Administration under this chapter, or under section 696 of this title: *Provided*, That such trust certificates shall be based on and backed by a trust or pool approved by the Administration and composed solely of the entire guaranteed portion of such loans.

(2) The Administration is authorized, upon such terms and conditions as are deemed appropriate, to guarantee the timely payment of the principal of and interest on trust certificates issued by the Administration or its agent for purposes of this subsection. Such guarantee shall be limited to the extent of principal and interest on the guaranteed portions of loans which compose the trust or pool. In the event that a loan in such trust or pool is prepaid, either voluntarily or in the event of default, the guarantee of timely payment of principal and interest on the trust certificates shall be reduced in proportion to the amount of principal and interest such prepaid loan represents in the trust or pool. Interest on prepaid or defaulted loans shall accrue and be guaranteed by the Administration only through the date of payment on the guarantee. During the term of the trust certificate, it may be called for redemption due to prepayment or default of all loans constituting the pool.

(3) The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any guarantee of such trust certificates issued by the Administration or its agent pursuant to this subsection.

(4)(A) The Administration may collect a fee for any loan guarantee sold into the secondary market under subsection (f) in an amount equal

to not more than 50 percent of the portion of the sale price that exceeds 110 percent of the outstanding principal amount of the portion of the loan guaranteed by the Administration. Any such fee imposed by the Administration shall be collected by the Administration or by the agent which carries out on behalf of the Administration the central registration functions required by subsection (h) of this section and shall be paid to the Administration and used solely to reduce the subsidy on loans guaranteed under section 636(a) of this title: *Provided*, That such fee shall not be charged to the borrower whose loan is guaranteed: and, *Provided further*, That nothing herein shall preclude any agent of the Administration from collecting a fee approved by the Administration for the functions described in subsection (h)(2).¹

(B) The Administration is authorized to impose and collect, either directly or through a fiscal and transfer agent, a reasonable penalty on late payments of the fee authorized under subparagraph (A) in an amount not to exceed 5 percent of such fee per month plus interest.

(C) The Administration may contract with an agent to carry out, on behalf of the Administration, the assessment and collection of the annual fee established under section 636(a)(23) of this title. The agent may receive, as compensation for services, any interest earned on the fee while in the control of the agent before the time at which the agent is contractually required to remit the fee to the Administration.

(5)(A) In the event the Administration pays a claim under a guarantee issued under this subsection, it shall be subrogated fully to the rights satisfied by such payment.

(B) No State or local law, and no Federal law, shall preclude or limit the exercise by the Administration of its ownership rights in the portions of loans constituting the trust or pool against which the trust certificates are issued.

(6) If the amount of the guaranteed portion of any loan under section 636(a) of this title is more than \$500,000, the Administrator shall, upon request of a pool assembler, divide the loan guarantee into increments of \$500,000 and 1 increment of any remaining amount less than \$500,000, in order to permit the maximum amount of any loan in a pool to be not more than \$500,000. Only 1 increment of any loan guarantee divided under this paragraph may be included in the same pool. Increments of loan guarantees to different borrowers that are divided under this paragraph may be included in the same pool.

(h) Central registration of loans and trust certificates; contracts with agent; disclosures by sellers of guaranteed portions of loans; regulation of brokers and dealers; electronic registration

(1) Upon the adoption of final rules and regulations, the Administration shall—

(A) provide for a central registration of all loans and trust certificates sold pursuant to subsections (f) and (g) of this section;

(B) contract with an agent to carry out on behalf of the Administration the central regis-

tration functions of this section and the issuance of trust certificates to facilitate pooling. Such agent shall provide a fidelity bond or insurance in such amounts as the Administration determines to be necessary to fully protect the interest of the Government;

(C) prior to any sale, require the seller to disclose to a purchaser of the guaranteed portion of a loan guaranteed under this chapter and to the purchaser of a trust certificate issued pursuant to subsection (g), information on the terms, conditions, and yield of such instrument. As used in this paragraph, if the instrument being sold is a loan, the term “seller” does not include (A) an entity which made the loan or (B) any individual or entity which sells three or fewer guaranteed loans per year; and

(D) have the authority to regulate brokers and dealers in guaranteed loans and trust certificates sold pursuant to subsections (f) and (g) of this section.

(2) The agent described in paragraph (1)(B) may be compensated through any of the fees assessed under this section and any interest earned on any funds collected by the agent while such funds are in the control of the agent and before the time at which the agent is contractually required to transfer such funds to the Administration or to the holders of the trust certificates, as appropriate.

(3) Nothing in this subsection shall prohibit the utilization of a book-entry or other electronic form of registration for trust certificates. The Administration may, with the consent of the Secretary of the Treasury, use the book-entry system of the Federal Reserve System.

§ 636. Additional powers

(a) Loans to small business concerns; allowable purposes; qualified business; restrictions and limitations

The Administration is empowered to the extent and in such amounts as provided in advance in appropriation Acts to make loans for plant acquisition, construction, conversion, or expansion, including the acquisition of land, material, supplies, equipment, and working capital, and to make loans to any qualified small business concern, including those owned by qualified Indian tribes, for purposes of this chapter. Such financings may be made either directly or in co-

operation with banks or other financial institutions through agreements to participate on an immediate or deferred (guaranteed) basis. These powers shall be subject, however, to the following restrictions, limitations, and provisions:

(1) IN GENERAL.—

(A) CREDIT ELSEWHERE.—

(i) IN GENERAL.—The Administrator has the authority to direct, and conduct oversight for, the methods by which lenders determine whether a borrower is able to obtain credit elsewhere. No financial assistance shall be extended pursuant to this subsection if the applicant can obtain credit elsewhere. No immediate participation may be purchased unless it is shown that a deferred participation is not available; and no direct financing may be made unless it is shown that a participation is not available.

(ii) LIQUIDITY.—On and after October 1, 2015, the Administrator may not guarantee a loan under this subsection if the lender determines that the borrower is unable to obtain credit elsewhere solely because the liquidity of the lender depends upon the guaranteed portion of the loan being sold on the secondary market.

(B) BACKGROUND CHECKS.—Prior to the approval of any loan made pursuant to this subsection, or section 503 of the Small Business Investment Act of 1958 [15 U.S.C. 697], the Administrator may verify the applicant's criminal background, or lack thereof, through the best available means, including, if possible, use of the National Crime Information Center computer system at the Federal Bureau of Investigation.

(C) LENDING LIMITS OF LENDERS.—On and after October 1, 2015, the Administrator may not guarantee a loan under this subsection if the sole purpose for requesting the guarantee is to allow the lender to exceed the legal lending limit of the lender.

(2) LEVEL OF PARTICIPATION IN GUARANTEED LOANS.—

(A) IN GENERAL.—Except as provided in subparagraphs (B), (D), (E), and (F), in an agreement to participate in a loan on a deferred basis under this subsection (including a loan made under the Preferred Lenders Program), such participation by the Administration shall be equal to—

(i) 75 percent of the balance of the financing outstanding at the time of disbursement of the loan, if such balance exceeds \$150,000; or

(ii) 85 percent of the balance of the financing outstanding at the time of disbursement of the loan, if such balance is less than or equal to \$150,000.

(B) REDUCED PARTICIPATION UPON REQUEST.—

(i) IN GENERAL.—The guarantee percentage specified by subparagraph (A) for any loan under this subsection may be reduced upon the request of the participating lender.

(ii) PROHIBITION.—The Administration shall not use the guarantee percentage re-

requested by a participating lender under clause (i) as a criterion for establishing priorities in approving loan guarantee requests under this subsection.

(C) INTEREST RATE UNDER PREFERRED LENDERS PROGRAM.—

(i) IN GENERAL.—The maximum interest rate for a loan guaranteed under the Preferred Lenders Program shall not exceed the maximum interest rate, as determined by the Administration, applicable to other loans guaranteed under this subsection.

(ii) EXPORT-IMPORT BANK LENDERS.—Any lender that is participating in the Delegated Authority Lender Program of the Export-Import Bank of the United States (or any successor to the Program) shall be eligible to participate in the Preferred Lenders Program.

(iii) PREFERRED LENDERS PROGRAM DEFINED.—For purposes of this subparagraph, the term “Preferred Lenders Program” means any program established by the Administrator, as authorized under the proviso in section 634(b)(7) of this title, under which a written agreement between the lender and the Administration delegates to the lender—

(I) complete authority to make and close loans with a guarantee from the Administration without obtaining the prior specific approval of the Administration; and

(II) complete authority to service and liquidate such loans without obtaining the prior specific approval of the Administration for routine servicing and liquidation activities, but shall not take any actions creating an actual or apparent conflict of interest.

(D) PARTICIPATION UNDER EXPORT WORKING CAPITAL PROGRAM.—In an agreement to participate in a loan on a deferred basis under the Export Working Capital Program established pursuant to paragraph (14)(A), such participation by the Administration shall be 90 percent.

(E) PARTICIPATION IN INTERNATIONAL TRADE LOAN.—In an agreement to participate in a loan on a deferred basis under paragraph (16), the participation by the Administration may not exceed 90 percent.

(F) PARTICIPATION IN THE PAYCHECK PROTECTION PROGRAM.—In an agreement to participate in a loan on a deferred basis under paragraph (36), the participation by the Administration shall be 100 percent.

(3) No loan shall be made under this subsection—

(A) if the total amount outstanding and committed (by participation or otherwise) to the borrower from the business loan and investment fund established by this chapter would exceed \$3,750,000 (or if the gross loan amount would exceed \$5,000,000), except as provided in subparagraph (B);

(B) if the total amount outstanding and committed (on a deferred basis) solely for the purposes provided in paragraph (16) to the borrower from the business loan and in-

vestment fund established by this chapter would exceed \$4,500,000 (or if the gross loan amount would exceed \$5,000,000), of which not more than \$4,000,000 may be used for working capital, supplies, or financings under paragraph (14) for export purposes; and

(C) if effected either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate basis if the amount would exceed \$350,000.

(4) INTEREST RATES AND PREPAYMENT CHARGES.—

(A) INTEREST RATES.—Notwithstanding the provisions of the constitution of any State or the laws of any State limiting the rate or amount of interest which may be charged, taken, received, or reserved, the maximum legal rate of interest on any financing made on a deferred basis pursuant to this subsection shall not exceed a rate prescribed by the Administration, and the rate of interest for the Administration's share of any direct or immediate participation loan shall not exceed the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans and adjusted to the nearest one-eighth of 1 per centum, and an additional amount as determined by the Administration, but not to exceed 1 per centum per annum: *Provided*, That for those loans to assist any public or private organization for the handicapped or to assist any handicapped individual as provided in paragraph (10) of this subsection, the interest rate shall be 3 per centum per annum.

(B) PAYMENT OF ACCRUED INTEREST.—

(i) IN GENERAL.—Any bank or other lending institution making a claim for payment on the guaranteed portion of a loan made under this subsection shall be paid the accrued interest due on the loan from the earliest date of default to the date of payment of the claim at a rate not to exceed the rate of interest on the loan on the date of default, minus one percent.

(ii) LOANS SOLD ON SECONDARY MARKET.—If a loan described in clause (i) is sold on the secondary market, the amount of interest paid to a bank or other lending institution described in that clause from the earliest date of default to the date of payment of the claim shall be no more than the agreed upon rate, minus one percent.

(iii) APPLICABILITY.—Clauses (i) and (ii) shall not apply to loans made on or after October 1, 2000.

(C) PREPAYMENT CHARGES

(i) IN GENERAL.—A borrower who prepays any loan guaranteed under this subsection shall remit to the Administration a subsidy recoupment fee calculated in accordance with clause (ii) if—

(I) the loan is for a term of not less than 15 years;

(II) the prepayment is voluntary;

(III) the amount of prepayment in any calendar year is more than 25 percent of the outstanding balance of the loan; and

(IV) the prepayment is made within the first 3 years after disbursement of the loan proceeds.

(ii) **SUBSIDY RECOUPMENT FEE.**—The subsidy recoupment fee charged under clause (i) shall be—

(I) 5 percent of the amount of prepayment, if the borrower prepays during the first year after disbursement;

(II) 3 percent of the amount of prepayment, if the borrower prepays during the second year after disbursement; and

(III) 1 percent of the amount of prepayment, if the borrower prepays during the third year after disbursement.

(5) No such loans including renewals and extensions thereof may be made for a period or periods exceeding twenty-five years, except that such portion of a loan made for the purpose of acquiring real property or constructing, converting, or expanding facilities may have a maturity of twenty-five years plus such additional period as is estimated may be required to complete such construction, conversion, or expansion.

(6) All loans made under this subsection shall be of such sound value or so secured as reasonably to assure repayment: *Provided, however, That—*

(A) for loans to assist any public or private organization or to assist any handicapped individual as provided in paragraph (10) of this subsection any reasonable doubt shall be resolved in favor of the applicant;

(B) recognizing that greater risk may be associated with loans for energy measures as provided in paragraph (12) of this subsection, factors in determining “sound value” shall include, but not be limited to, quality of the product or service; technical qualifications of the applicant or his employees; sales projections; and the financial status of the business concern: *Provided further, That* such status need not be as sound as that required for general loans under this subsection; and¹

(C) Repealed. Pub. L. 97-35, title XIX, § 1910, Aug. 13, 1981, 95 Stat. 778.

On that portion of the loan used to refinance existing indebtedness held by a bank or other lending institution, the Administration shall limit the amount of deferred participation to 80 per centum of the amount of the loan at the time of disbursement: *Provided further, That* any authority conferred by this subparagraph on the Administration shall be exercised solely by the Administration and shall not be delegated to other than Administration personnel.

(7)(A) **IN GENERAL.**—The Administrator may defer payments on the principal and interest of such loans for a grace period and use such other methods as it deems necessary and appropriate to assure the successful establishment and operation of such concern.

(B) **DEFERRAL REQUIREMENTS.**—With respect to a deferral provided under this paragraph, the Administrator may allow lenders under this subsection—

(C) **SECONDARY MARKET.**—

(i) **IN GENERAL.**—Except as provided in clause (ii), if an investor declines to approve a deferral or additional deferment requested by a lender under subparagraph (B), the Administrator shall exercise the authority to purchase the loan so that the borrower may receive full payment deferment relief (including payment of principal and interest) or an additional deferment as described in subparagraph (B).

(ii) **EXCEPTION.**—If, in a fiscal year, the Administrator determines that the cost of implementing clause (i) is greater than zero, the Administrator shall not implement that clause.

(12)(A) The Administration may provide loans under this subsection to assist any small business concern, including start up, to enable such concern to design architecturally or engineer, manufacture, distribute, market, install, or service energy measures: *Provided, however, That* such loan proceeds shall not be used primarily for research and development.

(b)³ The Administration may provide deferred participation loans under this subsection to finance the planning, design, or installation of pollution control facilities for the purposes set forth in section 404 of the Small Business Investment Act of 1958 [15 U.S.C. 694-1]. The designation of a lender as a certified lender shall be suspended or revoked at any time that the Administration determines that the lender is not adhering to its rules and regulations or that the loss experience of the lender is excessive as compared to other lenders, but such suspension or revocation shall not affect any outstanding guarantee.

(B) In order to encourage all lending institutions and other entities making loans authorized under this subsection to provide loans of \$50,000 or less in guarantees to eligible small business loan applicants, the Administration shall develop and allow participating lenders to solely utilize a uniform and simplified loan form for such loans.

(C) AUTHORITY TO LIQUIDATE LOANS.—

(ii) with such assistance such concern has a reasonable prospect for operating soundly and profitably within a reasonable period of time;

(iii) the proceeds of such assistance will be used within a reasonable time for plant construction, conversion, or expansion, including the acquisition of equipment, facilities, machinery, supplies, or material or to supply such concern with working capital to be used in the manufacture of articles, equipment, supplies, or material for defense or civilian production or as may be necessary to insure a well-balanced national economy; and

(ii) to a qualified individual or a veteran seeking to establish (or acquire) and operate a small business concern.

(B) Recognizing that greater risk may be associated with a loan to a small business concern described in subparagraph (A)(i), any reasonable doubts concerning the firm's proposed business plan for transition to nondefense-related markets shall be resolved in favor of the loan applicant when making any determination regarding the sound value of the proposed loan in accordance with paragraph (6).

No loan under this subsection, including renewals and extensions thereof, may be made for a period or periods exceeding thirty years: *Provided*, That the Administrator may consent to a suspension in the payment of principal and interest charges on, and to an extension in the maturity of, the Federal share of any loan under this subsection for a period not to exceed five years, if (A) the borrower under such loan is a homeowner or a small business concern, (B) the loan was made to enable (i) such homeowner to

repair or replace his home, or (ii) such concern to repair or replace plant or equipment which was damaged or destroyed as the result of a disaster meeting the requirements of clause (A) or (B) of paragraph (2) of this subsection, and (C) the Administrator determines such action is necessary to avoid severe financial hardship: *Provided further*, That the provisions of paragraph (1) of subsection (d) of this section shall not be applicable to any such loan having a maturity in excess of twenty years. Notwithstanding any other provision of law, and except as provided in subsection (d), the interest rate on the Administration's share of any loan made under subsection (b) shall not exceed the average annual interest rate on all interest-bearing obligations of the United States then forming a part of the public debt as computed at the end of the fiscal year next preceding the date of the loan and adjusted to the nearest one-eighth of 1 per centum plus one-quarter of 1 per centum: *Provided, however*, That the interest rate for loans made under paragraphs (1) and (2) hereof shall not exceed the rate of interest which is in effect at the time of the occurrence of the disaster. In agreements to participate in loans on a deferred basis under this subsection, such participation by the Administration shall not be in excess of 90 per centum of the balance of the loan outstanding at the time of disbursement. Notwithstanding any other provision of law, the interest rate on the Administration's share of any loan made pursuant to paragraph (1) of this subsection to repair or replace a primary residence and/or replace or repair damaged or destroyed personal property, less the amount of compensation by insurance or otherwise, with respect to a disaster occurring on or after July 1, 1976, and prior to October 1, 1978, shall be: 1 per centum on the amount of such loan not exceeding \$10,000, and 3 per centum on the amount of such loan over \$10,000 but not exceeding \$40,000. The interest rate on the Administration's share of the first \$250,000 of all other loans made pursuant to paragraph (1) of this subsection, with respect to a disaster occurring on or after July 1, 1976, and prior to October 1, 1978, shall be 3 per centum. All repayments of principal on the Administration's share of any loan made under the above provisions shall first be applied to reduce the principal sum of such loan which bears interest at the lower rates provided in this paragraph. The principal amount of any loan made pursuant to paragraph (1) in connection with a disaster which occurs on or after April 1, 1977, but prior to January 1, 1978, may be increased by such amount, but not more than \$2,000, as the Administration determines to be reasonable in light of the amount and nature of loss, damage, or injury sustained in order to finance the installation of insulation in the property which was lost, damaged, or injured, if the uninsured, damaged portion of the property is 10 per centum or more of the market value of the property at the time of the disaster. Not later than June 1, 1978, the Administration shall prepare and transmit to the Select Committee on Small Business of the Senate, the Committee on Small Business of the House of Representatives, and the Committees of the Senate and House of Representatives having jurisdiction over meas-

ures relating to energy conservation, a report on its activities under this paragraph, including therein an evaluation of the effect of such activities on encouraging the installation of insulation in property which is repaired or replaced after a disaster which is subject to this paragraph, and its recommendations with respect to the continuation, modification, or termination of such activities.

In the administration of the disaster loan program under paragraphs (1) and (2) of this subsection, in the case of property loss or damage or injury resulting from a major disaster as determined by the President or a disaster as determined by the Administrator which occurs on or after January 1, 1971, and prior to July 1, 1973, the Small Business Administration, to the extent such loss or damage or injury is not compensated for by insurance or otherwise—

(A) may make any loan for repair, rehabilitation, or replacement of property damaged or destroyed without regard to whether the required financial assistance is otherwise available from private sources;

(B) may, in the case of the total destruction or substantial property damage of a home or business concern, refinance any mortgage or other liens outstanding against the destroyed or damaged property if such property is to be repaired, rehabilitated, or replaced, except that (1) in the case of a business concern, the amount refinanced shall not exceed the amount of the physical loss sustained, and (2) in the case of a home, the amount of each monthly payment of principal and interest on the loan after refinancing under this clause shall not be less than the amount of each such payment made prior to such refinancing;

(C) may, in the case of a loan made under clause (A) or a mortgage or other lien refinanced under clause (B) in connection with the destruction of, or substantial damage to, property owned and used as a residence by an individual who by reason of retirement, disability, or other similar circumstances relies for support on survivor, disability, or retirement benefits under a pension, insurance, or other programs, consent to the suspension of the payments of the principal of that loan, mortgage, or lien during the lifetime of that individual and his spouse for so long as the Administration determines that making such payments would constitute a substantial hardship;

(D) shall notwithstanding the provisions of any other law and upon presentation by the applicant of proof of loss or damage or injury and a bona fide estimate of cost of repair, rehabilitation, or replacement, cancel the principal of any loan made to cover a loss or damage or injury resulting from such disaster, except that—

(i) with respect to a loan made in connection with a disaster occurring on or after January 1, 1971 but prior to January 1, 1972, the total amount so canceled shall not exceed \$2,500, and the interest on the balance of the loan shall be at a rate of 3 per centum per annum; and

January 1, 1972 but prior to July 1, 1973, the total amount so canceled shall not exceed \$5,000 and the interest on the balance of the loan shall be at a rate of 1 per centum per annum.

With respect to any loan referred to in clause (D) which is outstanding on August 16, 1972, the Administrator shall—

(i) make such change in the interest rate on the balance of such loan as is required under that clause effective as of August 16, 1972; and

(ii) in applying the limitation set forth in that clause with respect to the total amount of such loan which may be canceled, consider as part of the amount so canceled any part of such loan which was previously canceled pursuant to section 231 of the Disaster Relief Act of 1970 [15 U.S.C. 636a].

Whoever wrongfully misapplies the proceeds of a loan obtained under this subsection shall be civilly liable to the Administrator in an amount equal to one-and-one half times the original principal amount of the loan.

(8) Repealed. Pub. L. 101-574, title II, §242(2), Nov. 15, 1990, 104 Stat. 2827.

(9) The Administration shall take such steps as may be necessary and appropriate, in coordination and cooperation with the heads of other Federal departments and agencies, to insure that contracts, subcontracts, and deposits made by the Federal Government or with programs aided with Federal funds are placed in such way as to further the purposes of subsections (i) and (j) and section 637(a) of this title.

(10) There is established within the Administration a small business and capital ownership development program (hereinafter referred to as the "Program") which shall provide assistance exclusively for small business concerns eligible to receive contracts pursuant to section 637(a) of this title. The program, and all other services and activities authorized under this subsection and section 637(a) of this title, shall be managed by the Associate Administrator for Minority Small Business and Capital Ownership Development under the supervision of, and responsible to, the Administrator.

(A) The Program shall—

(C)(i) A small business concern participating in any program or activity conducted under the authority of this paragraph or eligible for the award of contracts pursuant to section 637(a) of this title on September 1, 1988, shall be permitted continued participation and eligibility in such program or activity for a period of time which is the greater of—

(I) 9 years less the number of years since the award of its first contract pursuant to section 637(a) of this title; or

(II) its original fixed program participation term (plus any extension thereof) assigned prior to November 15, 1988, plus eighteen months.

(ii) Nothing contained in this subparagraph shall be deemed to prevent the Administration from instituting a termination or graduation pursuant to subparagraph (F) or (H) for issues unrelated to the expiration of any time period limitation.

(D)(i) Promptly after certification under paragraph (11) a Program Participant shall submit a business plan (hereinafter referred to as the "plan") as described in clause (ii) of this subparagraph for review by the Business Opportunity Specialist assigned to assist such Program Participant. The plan may be a revision of a preliminary business plan submitted by the Program Participant or required by the Administration as a part of the application for certification under this section and shall be designed to result in the Program Participant eliminating the conditions or circumstances upon which the Administration determined eligibility pursuant to section 637(a)(6) of this title. Such plan, and subsequent modifications submitted under clause (iii) of this subparagraph, shall be approved by the business opportunity specialist prior to the Program Participant being eligible for award of a contract pursuant to section 637(a) of this title.

(ii) The plans submitted under this subparagraph shall include the following:

(I) An analysis of market potential, competitive environment, and other business analyses estimating the Program Participant's prospects for profitable operations during the term of program participation and after graduation.

(III) Specific targets, objectives, and goals, for the business development of the Program Participant during the next and succeeding years utilizing the results of the analyses conducted pursuant to subclauses (I) and (II).

(IV) A transition management plan outlining specific steps to assure profitable business operations after graduation (to be incorporated into the Program Participant's plan during the first year of the transitional stage of Program participation).

(V) Estimates of contract awards pursuant to section 637(a) of this title and from other sources, which the Program Participant will require to meet the specific targets, objectives, and goals for the years covered by its plan. The estimates established shall be consistent with the provisions of subparagraph (I) and section 637(a) of this title.

(iii) Each Program Participant shall annually review its currently approved plan with its Business Opportunity Specialist and modify such plan as may be appropriate. Any modified plan shall be submitted to the Administration for approval. The currently approved plan shall be considered valid until such time as a modified plan is approved by the Business Opportunity Specialist. Annual reviews pertaining to years in the transitional stage of program participation shall require, as appropriate, a written verification that such Program Participant has complied with the requirements of subparagraph (I) relating to attaining business activity from sources other than contracts awarded pursuant to section 637(a) of this title.

(iv) Each Program Participant shall annually forecast its needs for contract awards under section 637(a) of this title for the next program year and the succeeding program year during the review of its business plan, conducted pursuant to clause (iii). Such forecast shall be known as the section 8(a) [15 U.S.C. 637(a)] contract support level and shall be included in the Program Participant's business plan. Such forecast shall include—

(I) the aggregate dollar value of contract support to be sought on a noncompetitive basis under section 637(a) of this title, reflecting compliance with the requirements of subparagraph (I) relating to attaining business activity from sources other than contracts awarded pursuant to section 637(a) of this title,

(II) the types of contract opportunities being sought, identified by Standard Industrial Classification (SIC) Code or otherwise,

(III) an estimate of the dollar value of contract support to be sought on a competitive basis, and

(IV) such other information as may be requested by the Business Opportunity Specialist to provide effective business development assistance to the Program Participant.

(E) A small business concern participating in the program conducted under the authority of this paragraph and eligible for the award of contracts pursuant to section 637(a) of this title shall be denied all such assistance if such concern—

(i) voluntarily elects not to continue participation;

(ii) completes the period of Program participation as prescribed by paragraph (15);

(iii) is terminated pursuant to a termination proceeding conducted in accordance with section 637(a)(9) of this title; or

(iv) is graduated pursuant to a graduation proceeding conducted in accordance with section 637(a)(9) of this title.

(F) For purposes of this section and section 637(a) of this title, the term "terminated" and the term "termination" means the total denial or suspension of assistance under this paragraph or under section 637(a) of this title prior to the graduation of the participating small business concern or prior to the expiration of the maximum program participation term. An action for termination shall be based upon good cause, including—

(i) the failure by such concern to maintain its eligibility for Program participation;

(ii) the failure of the concern to engage in business practices that will promote its competitiveness within a reasonable period of time as evidenced by, among other indicators, a pattern of unjustified delinquent performance or terminations for default with respect to contracts awarded under the authority of section 637(a) of this title;

(iii) a demonstrated pattern of failing to make required submissions or responses to the Administration in a timely manner;

(iv) the willful violation of any rule or regulation of the Administration pertaining to material issues;

For purposes of this clause, no termination action shall be taken with respect to a disadvantaged owner solely because of the conviction of an officer of the concern (who is other than a disadvantaged owner) unless such owner conspired with, abetted, or otherwise knowingly acquiesced in the activity or omission that was the basis of such officer's conviction.

(G) The Director of the Division may initiate a termination proceeding by recommending such action to the Associate Administrator for Minority Small Business and Capital Ownership Development. Whenever the Associate Administrator, or a designee of such officer, determines such termination is appropriate, within 15 days after making such a determination the Program Participant shall be provided a written notice of intent to terminate, specifying the reasons for such action. No Program Participant shall be terminated from the Program pursuant to subparagraph (F) without first being afforded an opportunity for a hearing in accordance with section 637(a)(9) of this title.

(H) For the purposes of this subsection and section 637(a) of this title the term “graduated” or “graduation” means that the Program Participant is recognized as successfully completing the program by substantially achieving the targets, objectives, and goals contained in the concern’s business plan thereby demonstrating its ability to compete in the marketplace without assistance under this section or section 637(a) of this title.

(I)(i) During the developmental stage of its participation in the Program, a Program Participant shall take all reasonable efforts within its control to attain the targets contained in its business plan for contracts awarded other than pursuant to section 637(a) of this title (hereinafter referred to as “business activity targets.”). Such efforts shall be made a part of the business plan and shall be sufficient in scope and duration to satisfy the Administration that the Program Participant will engage a reasonable marketing strategy that will maximize its potential to achieve its business activity targets.

(ii) During the transitional stage of the Program a Program Participant shall be subject to regulations regarding business activity targets that are promulgated by the Administration pursuant to clause (iii);

(iii) The regulations referred to in clause (ii) shall:

(I) establish business activity targets applicable to Program Participants during the fifth year and each succeeding year of Program Participation; such targets, for such period of time, shall reflect a reasonably consistent increase in contracts awarded other than pursuant to section 637(a) of this title, expressed as a percentage of total sales; when promulgating business activity targets the Administration may establish modified targets for Program Participants that have participated in the Program for a period of longer than four years on June 1, 1989;

(II) require a Program Participant to attain its business activity targets;

(III) provide that, before the receipt of any contract to be awarded pursuant to section 637(a) of this title, the Program Participant (if it is in the transitional stage) must certify that it has complied with the regulations promulgated pursuant to subclause (II), or that it is in compliance with such remedial measures as may have been ordered pursuant to regulations issued under subclause (V);

(IV) require the Administration to review each Program Participant’s performance regarding attainment of business activity targets during periodic reviews of such Participant’s business plan; and

(V) authorize the Administration to take appropriate remedial measures with respect to a Program Participant that has failed to attain a required business activity target for the purpose of reducing such Participant’s dependence on contracts awarded pursuant to section 637(a) of this title; such remedial actions may include, but are not limited to assisting the Program Participant to expand

the dollar volume of its competitive business activity or limiting the dollar volume of contracts awarded to the Program Participant pursuant to section 637(a) of this title; except for actions that would constitute a termination, remedial measures taken pursuant to this subclause shall not be reviewable pursuant to section 637(a)(9) of this title.

(J)(i) The Administration shall conduct an evaluation of a Program Participant’s eligibility for continued participation in the Program whenever it receives specific and credible information alleging that such Program Participant no longer meets the requirements for Program eligibility. Upon making a finding that a Program Participant is no longer eligible, the Administration shall initiate a termination proceeding in accordance with subparagraph (F). A Program Participant’s eligibility for award of any contract under the authority of section 637(a) of this title may be suspended pursuant to subpart 9.4 of title 48, Code of Federal Regulations (or any successor regulation).

(ii)(I) Except as authorized by subclauses (II) or (III), no award shall be made pursuant to section 637(a) of this title to a concern other than a small business concern.

(II) In determining the size of a small business concern owned by a socially and economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), each firm’s size shall be independently determined without regard to its affiliation with the tribe, any entity of the tribal government, or any other business enterprise owned by the tribe, unless the Administrator determines that one or more such tribally owned business concerns have obtained, or are likely to obtain, a substantial unfair competitive advantage within an industry category.

(III) Any joint venture established under the authority of section 602(b) of Public Law 100-656, the “Business Opportunity Development Reform Act of 1988”, shall be eligible for award of a contract pursuant to section 637(a) of this title.

(11)(A) The Associate Administrator for Minority Small Business and Capital Ownership Development shall be responsible for coordinating and formulating policies relating to Federal assistance to small business concerns eligible for assistance under subsection (i) and small business concerns eligible to receive contracts pursuant to section 637(a) of this title.

(B)(i) Except as provided in clause (iii), no individual who was determined pursuant to section 637(a) of this title to be socially and economically disadvantaged before August 15, 1989, shall be permitted to assert such disadvantage with respect to any other concern making application for certification after August 15, 1989.

(ii) Except as provided in clause (iii), any individual upon whom eligibility is based pursuant to section 637(a)(4) of this title shall be permitted to assert such eligibility for only one small business concern.

(iii) A socially and economically disadvantaged Indian tribe may own more than one small

business concern eligible for assistance pursuant to paragraph (10) and section 637(a) of this title if—

(I) the Indian tribe does not own another firm in the same industry which has been determined to be eligible to receive contracts under this program, and

(II) the individuals responsible for the management and daily operations of the concern do not manage more than two Program Participants.

(C) No concern, previously eligible for the award of contracts pursuant to section 637(a) of this title, shall be subsequently recertified for program participation if its prior participation in the program was concluded for any of the reasons described in paragraph (10)(E).

(D) A concern eligible for the award of contracts pursuant to this subsection shall remain eligible for such contracts if there is a transfer of ownership and control (as defined pursuant to section 637(a)(4) of this title) to individuals who are determined to be socially and economically disadvantaged pursuant to section 637(a) of this title. In the event of such a transfer, the concern, if not terminated or graduated, shall be eligible for a period of continued participation in the program not to exceed the time limitations prescribed in paragraph (15).

(E) There is established a Division of Program Certification and Eligibility (hereinafter referred to in this paragraph as the "Division") that shall be made part of the Office of Minority Small Business and Capital Ownership Development. The Division shall be headed by a Director who shall report directly to the Associate Administrator for Minority Small Business and Capital Ownership Development. The Division shall establish field offices within such regional offices of the Administration as may be necessary to perform efficiently its functions and responsibilities.

(F) Subject to the provisions of section 637(a)(9) of this title, the functions and responsibility of the Division are to—

(i) receive, review and evaluate applications for certification pursuant to paragraphs (4), (5), (6) and (7) of section 637(a) of this title;

(ii) advise each program applicant within 15 days after the receipt of an application as to whether such application is complete and suitable for evaluation and, if not, what matters must be rectified;

(iii) render recommendations on such applications to the Associate Administrator for Minority Small Business and Capital Ownership Development;

(iv) review and evaluate financial statements and other submissions from concerns participating in the program established by paragraph (10) to ascertain continued eligibility to receive subcontracts pursuant to section 637(a) of this title;

(v) make a request for the initiation of termination or graduation proceedings, as appropriate, to the Associate Administrator for Minority Small Business and Capital Ownership Development;

(vi) make recommendations to the Associate Administrator for Minority Small Business and Capital Ownership Development con-

cerning protests from applicants that have been denied program admission;

(vii) decide protests regarding the status of a concern as a disadvantaged concern for purposes of any program or activity conducted under the authority of subsection (d) of section 637 of this title, or any other provision of Federal law that references such subsection for a definition of program eligibility; and

(viii) implement such policy directives as may be issued by the Associate Administrator for Minority Small Business and Capital Ownership Development pursuant to subparagraph (I) regarding, among other things, the geographic distribution of concerns to be admitted to the program and the industrial make-up of such concerns.

(G) An applicant shall not be denied admission into the program established by paragraph (10) due solely to a determination by the Division that specific contract opportunities are unavailable to assist in the development of such concern unless—

(i) the Government has not previously procured and is unlikely to procure the types of products or services offered by the concern; or

(ii) the purchases of such products or services by the Federal Government will not be in quantities sufficient to support the developmental needs of the applicant and other Program Participants providing the same or similar items or services.

(H) Not later than 90 days after receipt of a completed application for Program certification, the Associate Administrator for Minority Small Business and Capital Ownership Development shall certify a small business concern as a Program Participant or shall deny such application.

(I) Thirty days before the conclusion of each fiscal year, the Director of the Division shall review all concerns that have been admitted into the Program during the preceding 12-month period. The review shall ascertain the number of entrants, their geographic distribution and industrial classification. The Director shall also estimate the expected growth of the Program during the next fiscal year and the number of additional Business Opportunity Specialists, if any, that will be needed to meet the anticipated demand for the Program. The findings and conclusions of the Director shall be reported to the Associate Administrator for Minority Small Business and Capital Ownership Development by September 30 of each year. Based on such report and such additional data as may be relevant, the Associate Administrator shall, by October 31 of each year, issue policy and program directives applicable to such fiscal year that—

(i) establish priorities for the solicitation of program applications from underrepresented regions and industry categories;

(ii) assign staffing levels and allocate other program resources as necessary to meet program needs; and

(iii) establish priorities in the processing and admission of new Program Participants as may be necessary to achieve an equitable geographic distribution of concerns and a distribution of concerns across all industry cat-

egories in proportions needed to increase significantly contract awards to small business concerns owned and controlled by socially and economically disadvantaged individuals. When considering such increase the Administration shall give due consideration to those industrial categories where Federal purchases have been substantial but where the participation rate of such concerns has been limited.

(12)(A) The Administration shall segment the Capital Ownership Development Program into two stages: a developmental stage; and a transitional stage.

(B) The developmental stage of program participation shall be designed to assist the concern in its effort to overcome its economic disadvantage by providing such assistance as may be necessary and appropriate to access its markets and to strengthen its financial and managerial skills.

(C) The transitional stage of program participation shall be designed to overcome, insofar as practicable, the remaining elements of economic disadvantage and to prepare such concern for graduation from the program.

(13) A Program Participant, if otherwise eligible, shall be qualified to receive the following assistance during the stages of program participation specified in paragraph 12:¹⁸

(A) Contract support pursuant to section 637(a) of this title.

No exemption shall be made pursuant to this subparagraph if the contract to which it pertains has an anticipated value in excess of \$10,000,000. This subparagraph shall cease to be effective on October 1, 1992.

(D) A maximum of five exemptions from the requirements of sections 3131 and 3133 of title 40, which exemptions shall apply only to contracts awarded pursuant to section 637(a) of this title, except that, such exemptions may be granted under this subparagraph only if—

(i) the Administration finds that such concern is unable to obtain the requisite bond or bonds from a surety and that no surety is willing to issue a bond subject to the guarantee provision of title IV of the Small Business Investment Act of 1958 (15 U.S.C. 692 et seq.);

(ii) the Administration and the agency providing the contracting opportunity have provided for the protection of persons furnishing materials or labor to the Program Participant by arranging for the direct disbursement of funds due to such persons by the procuring agency or through any bank the deposits of which are insured by the Federal Deposit Insurance Corporation; and

(iii) the contract to which it pertains does not exceed \$3,000,000 in amount. This subparagraph shall cease to be effective on October 1, 1994.

(E) Financial assistance whereby the Administration may purchase in whole or in part, and on behalf of such concerns, skills training or upgrading for employees or potential employees of such concerns. Such assistance may be made without regard to section 647(a) of this title. For purposes of this subparagraph the term "training provider" shall mean an institution of higher education, a community or vocational college, or an institution eligible to provide skills training or upgrading under title I of the Workforce Innovation and Opportunity Act [29 U.S.C. 3111 et seq.]. No financial assistance shall be granted under the subparagraph unless the Administrator determines that—

(i) such concern has documented that it has first explored the use of existing cost-free or cost-subsidized training programs offered by public and private sector agencies working with programs of employment and training and economic development;

(ii) no more than five employees or potential employees of such concern are recipients of any benefits under this subparagraph at any one time;

(iii) no more than \$2,500 shall be made available for any one employee or potential employee;

(iv) the length of training or upgrading financed by this subparagraph shall be no less than one month nor more than six months;

(v) such concern has given adequate assurance it will employ the trainee or upgraded employee for at least six months after the training or upgrading financed by this subparagraph has been completed and each trainee or upgraded employee has provided a similar assurance to remain within the employ of such concern for such period; if such concern, trainee, or upgraded employee breaches this agreement, the Administration shall be entitled to and shall make diligent efforts to obtain from the violating party the repayment of all funds expended on behalf of the violating party, such repayment shall be made to the Administration together with such interest and costs of collection as may be reasonable; the violating party shall be barred from receiving any further assistance under this subparagraph;

Technology or property transferred under this subparagraph shall be used by the concern during the normal conduct of its business operation and shall not be sold or transferred to any other party (other than the Government) during such concern's term of participation in the Program and for one year thereafter.

(IV) A small business concern that receives a transfer of property under this clause may not receive a transfer of property under clause (i) during the covered period.

(V) If a small business concern sells or transfers property in violation of the agreement described in subclause (III), the Administrator may initiate proceedings to prohibit the small business concern from receiving a transfer of property under this clause or clause (i), in addition to any other remedy available to the Administrator.

CODIFICATION

September 30, 1996, referred to in subsec. (a)(25)(C), was in the original “the date of enactment of this subsection” which was translated as meaning the date of enactment of Pub. L. 104-208, which enacted par. (25) of subsec. (a), to reflect the probable intent of Congress.

In subsec. (d)(3), “August 13, 1981” substituted for “the effective date of this Act”, such words having been inserted in place of “to October 1, 1983” by section 1914 of Pub. L. 97-35. “This Act” probably meant the Small Business Budget Reconciliation and Loan Consolidation/Improvement Act of 1981 (title XIX of Pub. L. 97-35) rather than the Small Business Act (Pub. L. 85-536). See Effective Date of 1981 Amendment note set out under section 631 of this title.

In subsec. (j)(11)(B)(i), as enacted by the amendments made by Pub. L. 101-37, “August 15, 1989” substituted for “the effective date of this subparagraph” and “such effective date”. Section 32 of Pub. L. 101-37 provided that the amendments made by Pub. L. 101-37 shall apply as if included in Pub. L. 100-656. Section 803(b)(1)(A) of Pub. L. 100-656 provided that the amendment made by section 201(a) thereof to subsec. (j)(11) shall take effect on June 1, 1989. Section 31 of Pub. L. 101-37 amended section 803(b) of Pub. L. 100-656 to make such amendments effective on August 15, 1989, in place of June 1, 1989. See 1988 and 1989 Effective Date of Amendment notes below.

“Sections 3131 and 3133 of title 40” substituted in subsec. (j)(13)(D) for “the Act entitled ‘An Act requiring contracts for the construction, alteration and repair of any public building or public work of the United States to be accompanied by a performance bond protecting the United States and by an additional bond for the protection of persons furnishing material and labor for the construction, alteration, or repair of said public buildings or public works’, approved August 24, 1935 (49 Stat. 793)” on authority of Pub. L. 107-217, §5(c), Aug. 21, 2002, 116 Stat. 1303, the first section of which enacted Title 40, Public Buildings, Property, and Works.

In subsec. (k)(3), “section 1342 of title 31” substituted for “section 3679(b) of the Revised Statutes (31 U.S.C. 665(b))” on authority of Pub. L. 97-258, §4(b), Sept. 13, 1982, 96 Stat. 1067, the first section of which enacted Title 31, Money and Finance.

Section 3109 of title 5, referred to in subsec. (k)(4), substituted for “section 15 of the Administrative Expenses Act of 1946 (5 U.S.C. 55a)” on authority of Pub. L. 89-554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

Section 5703 of title 5, referred to in subsec. (k)(4), substituted for “section 5 of such Act (5 U.S.C. 73b-2)” on authority of section 7(b) of Pub. L. 89-554, Sept. 6, 1966, 80 Stat. 631, section 1 of which enacted Title 5.

Pub. L. 110-234 and Pub. L. 110-246 made identical amendments to this section. The amendments by Pub. L. 110-234 were repealed by section 4(a) of Pub. L. 110-246.

“(1) nationwide, there are many individuals who possess skills that, with certain short-term assistance, could enable them to become successfully self-employed;

“(4) women, minorities, and individuals residing in areas of high unemployment and high levels of poverty have particular difficulty obtaining access to credit or capital;

“(6) banking institutions are reluctant to provide such assistance because of the administrative costs associated with processing and servicing the loans and because they lack experience in providing the type of marketing, management, and technical assistance needed by such borrowers;

“(7) many organizations that have had successful experiences in providing microloans and marketing, management, and technical assistance to such borrowers exist throughout the Nation; and

“(8) loans from the Federal Government to intermediaries for the purpose of relending to start-up, newly established and growing small business concerns are an important catalyst to attract private sector participation in microlending.”

CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSES OF PUB. L. 100-656

Pub. L. 100-656, title I, §101, Nov. 15, 1988, 102 Stat. 3855, provided that:

“(a) FINDINGS.—The Congress finds that—

“(1) the Capital Ownership Development Program administered by the Small Business Administration and the award of contracts pursuant to section 8(a) of the Small Business Act [15 U.S.C. 637(a)] remain a primary tool for improving opportunities for small business concerns owned and controlled by socially and economically disadvantaged individuals in the Federal procurement process and bringing such concerns into the nation’s economic mainstream;

“(2) although some progress has resulted from the Program, it has generally failed to meet its objectives, which remain as valid now as when the Program was initiated;

“(3) too few concerns that have exited the Program have been prepared to compete successfully in the open marketplace on competitive procurements, and many concerns have developed an unhealthy dependency on sole-source contracts by the time they are required to leave the Program;

“(4) the application and certification process for admitting new participants to the Program is inordinately lengthy and burdensome;

“(5) the Administration has often not efficiently and equitably administered and managed the Program in a manner that provided clear lines of responsibility for implementing and monitoring many of the administrative duties under the Program;

“(6) the Administration and some program participants have given insufficient attention and support to the business development goals of the Program and instead have focused almost entirely on the size of contract awards or the number of firms certified to participate in the Program;

“(7) many Federal procuring agencies have failed to identify and offer the necessary amount of contract support in order to allow for diversification and growth of disadvantaged businesses participating in the Program;

“(8) contract support as well as business development expenses have been misused both by the Administration and Program participants and have not been equitably distributed pursuant to objective criteria;

“(9) the widespread perception of undue political influence in the operation and administration of the Program has significantly contributed to the Program’s poor image and has deterred utilization of the

Program by socially and economically disadvantaged concerns and by Federal procuring agencies; and

“(10) it is imperative that increased competition and other substantial reforms be accomplished in the Program in order to promote the Congressionally mandated business development objectives and purposes.

“(b) PURPOSES.—The purposes of this Act [see Short Title of 1988 Amendment note set out under section 631 of this title] therefore are to—

“(1) affirm that the Capital Ownership Development Program and the section 8(a) [15 U.S.C. 637(a)] authority shall be used exclusively for business development purposes to help small businesses owned and controlled by the socially and economically disadvantaged to compete on an equal basis in the mainstream of the American economy;

“(2) affirm that the measure of success of the Capital Ownership Development Program, and the section 8(a) authority, shall be the number of competitive firms that exit the Program without being unreasonably reliant on section 8(a) contracts and that are able to compete on an equal basis in the mainstream of the American economy;

“(3) ensure that program benefits accrue to individuals who are both socially and economically disadvantaged;

“(4) increase the number of small businesses owned and controlled by such individuals from which the United States may purchase products and services (including construction work); and

“(5) ensure integrity, competence, and efficiency in the administration of business development services and the Federal contracting opportunities made available to eligible small businesses.”

“(b) PILOT PROGRAM.—(1) Within 180 days after the effective date of this subsection [Nov. 15, 1988] the Administrator shall designate three regions of the Administration to conduct a pilot program pursuant to the provisions of this subsection. The designated regions shall contain approximately 30 per centum of the total number of Program Participants as of the time of designation.

“(2) A Business Opportunity Specialist employed in a Region designated pursuant to paragraph (1), in addition to other assigned duties and responsibilities, shall—

“(A) conduct contract negotiations on behalf of the Administration for contracts awarded pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) when performance will be rendered by one or more firms in such Specialist's assigned portfolio;

“(B) facilitate and otherwise assist such firms in negotiating for the receipt of contracts to be let pursuant to such section.

“(3) The Administration shall take such actions as may be appropriate to train and qualify such Special-

ists to perform the negotiations required pursuant to paragraph (2).

“(4) To the extent practicable, the Administrator shall ensure that the performance appraisal system applicable to a Business Opportunity Specialist employed in a region designated pursuant to paragraph (1) affords substantial recognition to how well such Specialist's assigned portfolio of concerns participating in the program established by section 7(j)(10) of the Small Business Act (15 U.S.C. 636(j)(10)) are achieving competitiveness and furthering the business development purposes of the program.

“(5) The Administration shall establish personnel positions for Business Opportunity Specialists employed in the regions designated pursuant to paragraph (1) that are classified at a grade level of the General Schedule that are sufficient, in the opinion of the Administrator, to attract and retain highly qualified personnel.

“(c) REPORT AND PILOT PROGRAM TERMINATION.—(1) Within 120 days after the termination of the pilot program conducted pursuant to subsection (b), the Administration shall issue a report to the Committees on Small Business of the Senate and of the House of Representatives [Committee on Small Business of Senate now Committee on Small Business and Entrepreneurship of Senate] on the effectiveness of the pilot. Such report shall contain such recommendations for administrative or legislative change as may be appropriate.

“(2) The pilot program conducted pursuant to subsection (b) shall be terminated three years after the date on which the Committees on Small Business of the Senate and of the House of Representatives [Committee on Small Business of Senate now Committee on Small Business and Entrepreneurship of Senate] receive written notification from the Administrator that the pilot is in full operation in each of the three designated pilot regions.”

§ 637. Additional powers

(a) Procurement contracts; subcontracts to disadvantaged small business concerns; performance bonds; contract negotiations; definitions; eligibility; determinations; publication; recruitment; construction subcontracts; annual estimates; Indian tribes

(1) It shall be the duty of the Administration and it is hereby empowered, whenever it determines such action is necessary or appropriate—

(A) to enter into contracts with the United States Government and any department, agency, or officer thereof having procurement powers obligating the Administration to furnish articles, equipment, supplies, services, or materials to the Government or to perform construction work for the Government. In any case in which the Administration certifies to any officer of the Government having procurement powers that the Administration is competent and responsible to perform any specific Government procurement contract to be let by any such officer, such officer shall be authorized in his discretion to let such procurement contract to the Administration upon such terms and conditions as may be agreed upon between the Administration and the procurement officer. Whenever the Administration and such procurement officer fail to agree, the matter shall be submitted for determination to the Secretary or the head of the appropriate department or agency by the Administrator. Not later than 5 days from the date the Administration is notified of a procurement officer's adverse decision, the Administration may notify the contracting officer of the intent to appeal such adverse decision, and within 15 days of such date the Administrator shall file a written request for a reconsideration of the adverse decision with the Secretary of the department or agency head. For the purposes of this subparagraph, a procurement officer's adverse decision includes a decision not to make available for award pursuant to this subsection a particular procurement requirement or the failure to agree on the terms and conditions of a contract to be awarded noncompetitively under the authority of this subsection. Upon receipt of the notice of intent to appeal, the Secretary of the department or the agency head shall suspend further action regarding the procurement until a written decision on the Administrator's request for reconsideration has been issued by such Secretary or agency head, unless such officer makes a written determination that urgent and compelling circumstances which significantly affect interests of the United States will not permit waiting for a reconsideration of the adverse decision. If the Administrator's request for reconsideration is denied, the Secretary of the de-

partment or agency head shall specify the reasons why the selected firm was determined to be incapable to perform the procurement requirement, and the findings supporting such determination, which shall be made a part of the contract file for the requirement. A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price;

(B) to arrange for the performance of such procurement contracts by negotiating or otherwise letting subcontracts to socially and economically disadvantaged small business concerns for construction work, services, or the manufacture, supply, assembly of such articles, equipment, supplies, materials, or parts thereof, or servicing or processing in connection therewith, or such management services as may be necessary to enable the Administration to perform such contracts;

(C) to make an award to a small business concern owned and controlled by socially and economically disadvantaged individuals which has completed its period of Program Participation as prescribed by section 636(j)(15) of this title, if—

(i) the contract will be awarded as a result of an offer (including price) submitted in response to a published solicitation relating to a competition conducted pursuant to subparagraph (D); and

(ii) the prospective contract awardee was a Program Participant eligible for award of the contract on the date specified for receipt of offers contained in the contract solicitation; and

(D)(i) A contract opportunity offered for award pursuant to this subsection shall be awarded on the basis of competition restricted to eligible Program Participants if—

(I) there is a reasonable expectation that at least two eligible Program Participants will submit offers and that award can be made at a fair market price, and

(II) the anticipated award price of the contract (including options) will exceed \$7,000,000 in the case of a contract opportunity assigned a standard industrial classification code for manufacturing and \$3,000,000 (including options) in the case of all other contract opportunities.

(ii) The Associate Administrator for Minority Small Business and Capital Ownership Development, on a nondelegable basis, is authorized to approve a request from an agency to award a contract opportunity under this subsection on the basis of a competition restricted to eligible Program Participants even if the anticipated award price is not expected to exceed the dollar amounts specified in clause (i)(II). Such approvals shall be granted only on a limited basis.

(2) Notwithstanding subsections (a), (b), and (e) of section 3131 of title 40, no small business concern shall be required to provide any amount of any bond as a condition of receiving any subcontract under this subsection if the Administrator determines that such amount is inappropriate for such concern in performing such con-

tract: *Provided*, That the Administrator shall exercise the authority granted by the paragraph only if—

(A) the Administration takes such measures as it deems appropriate for the protection of persons furnishing materials and labor to a small business receiving any benefit pursuant to this paragraph;

(B) the Administration assists, insofar as practicable, a small business receiving the benefits of this paragraph to develop, within a reasonable period of time, such financial and other capability as may be needed to obtain such bonds as the Administration may subsequently require for the successful completion of any program conducted under the authority of this subsection;

(C) the Administration finds that such small business is unable to obtain the requisite bond or bonds from a surety and that no surety is willing to issue bond or bonds subject to the guarantee provisions of Title IV of the Small Business Investment Act of 1958 [15 U.S.C. 692 et seq.]; and

(D) the small business is determined to be a start-up concern and such concern has not been participating in any program conducted under the authority of this subsection for a period exceeding one year.

The authority to waive bonds provided in this paragraph (2) may not be exercised after September 30, 1988.

(3)(A) Any Program Participant selected by the Administration to perform a contract to be let noncompetitively pursuant to this subsection shall, when practicable, participate in any negotiation of the terms and conditions of such contract.

(B)(i) For purposes of paragraph (1) a “fair market price” shall be determined by the agency offering the procurement requirement to the Administration, in accordance with clauses (ii) and (iii).

(ii) The estimate of a current fair market price for a new procurement requirement, or a requirement that does not have a satisfactory procurement history, shall be derived from a price or cost analysis. Such analysis may take into account prevailing market conditions, commercial prices for similar products or services, or data obtained from any other agency. Such analysis shall consider such cost or pricing data as may be timely submitted by the Administration.

(iii) The estimate of a current fair market price for a procurement requirement that has a satisfactory procurement history shall be based on recent award prices adjusted to insure comparability. Such adjustments shall take into account differences in quantities, performance times, plans, specifications, transportation costs, packaging and packing costs, labor and materials costs, overhead costs, and any other additional costs which may be deemed appropriate.

(C) An agency offering a procurement requirement for potential award pursuant to this subsection shall, upon the request of the Administration, promptly submit to the Administration a written statement detailing the method used by the agency to estimate the current fair mar-

ket price for such contract, identifying the information, studies, analyses, and other data used by such agency. The agency's estimate of the current fair market price (and any supporting data furnished to the Administration) shall not be disclosed to any potential offeror (other than the Administration).

(D) A small business concern selected by the Administration to perform or negotiate a contract to be let pursuant to this subsection may request the Administration to protest the agency's estimate of the fair market price for such contract pursuant to paragraph (1)(A).

(4)(A) For purposes of this section, the term "socially and economically disadvantaged small business concern" means any small business concern which meets the requirements of subparagraph (B) and—

(i) which is at least 51 per centum unconditionally owned by—

(I) one or more socially and economically disadvantaged individuals,

(II) an economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), or

(III) an economically disadvantaged Native Hawaiian organization, or

(ii) in the case of any publicly owned business, at least 51 per centum of the stock of which is unconditionally owned by—

(I) one or more socially and economically disadvantaged individuals,

(II) an economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), or

(III) an economically disadvantaged Native Hawaiian organization.

(B) A small business concern meets the requirements of this subparagraph if the management and daily business operations of such small business concern are controlled by one or more—

(i) socially and economically disadvantaged individuals described in subparagraph (A)(i)(I) or subparagraph (A)(ii)(I),

(ii) members of an economically disadvantaged Indian tribe described in subparagraph (A)(i)(II) or subparagraph (A)(ii)(II), or

(iii) Native Hawaiian organizations described in subparagraph (A)(i)(III) or subparagraph (A)(ii)(III).

(C) Each Program Participant shall certify, on an annual basis, that it meets the requirements of this paragraph regarding ownership and control.

(5) Socially disadvantaged individuals are those who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of a group without regard to their individual qualities.

(6)(A) Economically disadvantaged individuals are those socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged. In determining the degree of diminished credit and capital opportunities the Administration shall consider, but not be limited to, the assets and net worth of such so-

cially disadvantaged individual. In determining the economic disadvantage of an Indian tribe, the Administration shall consider, where available, information such as the following: the per capita income of members of the tribe excluding judgment awards, the percentage of the local Indian population below the poverty level, and the tribe's access to capital markets.

(B) Each Program Participant shall annually submit to the Administration—

(i) a personal financial statement for each disadvantaged owner;

(ii) a record of all payments made by the Program Participant to each of its disadvantaged owners or to any person or entity affiliated with such owners; and

(iii) such other information as the Administration may deem necessary to make the determinations required by this paragraph.

(C)(i) Whenever, on the basis of information provided by a Program Participant pursuant to subparagraph (B) or otherwise, the Administration has reason to believe that the standards to establish economic disadvantage pursuant to subparagraph (A) have not been met, the Administration shall conduct a review to determine whether such Program Participant and its disadvantaged owners continue to be impaired in their ability to compete in the free enterprise system due to diminished capital and credit opportunities when compared to other concerns in the same business area, which are not socially disadvantaged.

(ii) If the Administration determines, pursuant to such review, that a Program Participant and its disadvantaged owners are no longer economically disadvantaged for the purpose of receiving assistance under this subsection, the Program Participant shall be graduated pursuant to section 636(j)(10)(G) of this title subject to the right to a hearing as provided for under paragraph (9).

(D)(i) Whenever, on the basis of information provided by a Program Participant pursuant to subparagraph (B) or otherwise, the Administration has reason to believe that the amount of funds or other assets withdrawn from a Program Participant for the personal benefit of its disadvantaged owners or any person or entity affiliated with such owners may have been unduly excessive, the Administration shall conduct a review to determine whether such withdrawal of funds or other assets was detrimental to the achievement of the targets, objectives, and goals contained in such Program Participant's business plan.

(ii) If the Administration determines, pursuant to such review, that funds or other assets have been withdrawn to the detriment of the Program Participant's business, the Administration shall—

(I) initiate a proceeding to terminate the Program Participant pursuant to section 636(j)(10)(F) of this title, subject to the right to a hearing under paragraph (9); or

(II) require an appropriate reinvestment of funds or other assets and such other steps as the Administration may deem necessary to ensure the protection of the concern.

(E) Whenever the Administration computes personal net worth for any purpose under this

paragraph, it shall exclude from such computation—

(i) the value of investments that disadvantaged owners have in their concerns, except that such value shall be taken into account under this paragraph when comparing such concerns to other concerns in the same business area that are owned by other than socially disadvantaged persons;

(ii) the equity that disadvantaged owners have in their primary personal residences, except that any portion of such equity that is attributable to unduly excessive withdrawals from a Program Participant or a concern applying for program participation shall be taken into account.

(7)(A) No small business concern shall be deemed eligible for any assistance pursuant to this subsection unless the Administration determines that with contract, financial, technical, and management support the small business concern will be able to perform contracts which may be awarded to such concern under paragraph (1)(C) and has reasonable prospects for success in competing in the private sector.

(B) Limitations established by the Administration in its regulations and procedures restricting the award of contracts pursuant to this subsection to a limited number of standard industrial classification codes in an approved business plan shall not be applied in a manner that inhibits the logical business progression by a participating small business concern into areas of industrial endeavor where such concern has the potential for success.

(8) All determinations made pursuant to paragraph (5) with respect to whether a group has been subjected to prejudice or bias shall be made by the Administrator after consultation with the Associate Administrator for Minority Small Business and Capital Ownership Development. All other determinations made pursuant to paragraphs (4), (5), (6), and (7) shall be made by the Associate Administrator for Minority Small Business and Capital Ownership Development under the supervision of, and responsible to, the Administrator.

(9)(A) Subject to the provisions of subparagraph (E), the Administration, prior to taking any action described in subparagraph (B), shall provide the small business concern that is the subject of such action, an opportunity for a hearing on the record, in accordance with chapter 5 of title 5.

(B) The actions referred to in subparagraph (A) are—

(i) denial of program admission based upon a negative determination pursuant to paragraph (4), (5), or (6);

(ii) a termination pursuant to section 636(j)(10)(F) of this title;

(iii) a graduation pursuant to section 636(j)(10)(G) of this title; and

(iv) the denial of a request to issue a waiver pursuant to paragraph (21)(B).

(C) The Administration's proposed action, in any proceeding conducted under the authority of this paragraph, shall be sustained unless it is found to be arbitrary, capricious, or contrary to law.

(D) A decision rendered pursuant to this paragraph shall be the final decision of the Administration and shall be binding upon the Administration and those within its employ.

(E) The adjudicator selected to preside over a proceeding conducted under the authority of this paragraph shall decline to accept jurisdiction over any matter that—

(i) does not, on its face, allege facts that, if proven to be true, would warrant reversal or modification of the Administration's position;

(ii) is untimely filed;

(iii) is not filed in accordance with the rules of procedure governing such proceedings; or

(iv) has been decided by or is the subject of an adjudication before a court of competent jurisdiction over such matters.

(F) Proceedings conducted pursuant to the authority of this paragraph shall be completed and a decision rendered, insofar as practicable, within ninety days after a petition for a hearing is filed with the adjudicating office.

(10) The Administration shall develop and implement an outreach program to inform and recruit small business concerns to apply for eligibility for assistance under this subsection. Such program shall make a sustained and substantial effort to solicit applications for certification from small business concerns located in areas of concentrated unemployment or underemployment or within labor surplus areas and within States having relatively few Program Participants and from small disadvantaged business concerns in industry categories that have not substantially participated in the award of contracts let under the authority of this subsection.

(11) To the maximum extent practicable, construction subcontracts awarded by the Administration pursuant to this subsection shall be awarded within the county or State where the work is to be performed.

(12)(A) The Administration shall require each concern eligible to receive subcontracts pursuant to this subsection to annually prepare and submit to the Administration a capability statement. Such statement shall briefly describe such concern's various contract performance capabilities and shall contain the name and telephone number of the Business Opportunity Specialist assigned such concern. The Administration shall separate such statements by those primarily dependent upon local contract support and those primarily requiring a national marketing effort. Statements primarily dependent upon local contract support shall be disseminated to appropriate buying activities in the marketing area of the concern. The remaining statements shall be disseminated to the Directors of Small and Disadvantaged Business Utilization for the appropriate agencies who shall further distribute such statements to buying activities with such agencies that may purchase the types of items or services described on the capability statements.

(B) Contracting activities receiving capability statements shall, within 60 days after receipt, contact the relevant Business Opportunity Specialist to indicate the number, type, and approximate dollar value of contract opportunities that such activities may be awarding over the succeeding 12-month period and which may be

appropriate to consider for award to those concerns for which it has received capability statements.

(C) Each executive agency reporting to the Federal Procurement Data System contract actions with an aggregate value in excess of \$50,000,000 in fiscal year 1988, or in any succeeding fiscal year, shall prepare a forecast of expected contract opportunities or classes of contract opportunities for the next and succeeding fiscal years that small business concerns, including those owned and controlled by socially and economically disadvantaged individuals, are capable of performing. Such forecast shall be periodically revised during such year. To the extent such information is available, the agency forecasts shall specify:

- (i) The approximate number of individual contract opportunities (and the number of opportunities within a class).
- (ii) The approximate dollar value, or range of dollar values, for each contract opportunity or class of contract opportunities.
- (iii) The anticipated time (by fiscal year quarter) for the issuance of a procurement request.
- (iv) The activity responsible for the award and administration of the contract.

(D) The head of each executive agency subject to the provisions of subparagraph (C) shall within 10 days of completion furnish such forecasts to—

- (i) the Director of the Office of Small and Disadvantaged Business Utilization established pursuant to section 644(k) of this title for such agency; and
- (ii) the Administrator.

(E) The information reported pursuant to subparagraph (D) may be limited to classes of items and services for which there are substantial annual purchases.

(F) Such forecasts shall be available to small business concerns.

(13) For purposes of this subsection, the term "Indian tribe" means any Indian tribe, band, nation, or other organized group or community of Indians, including any Alaska Native village or regional or village corporation (within the meaning of the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.]) which—

(A) is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians, or

(B) is recognized as such by the State in which such tribe, band, nation, group, or community resides.

(14) LIMITATIONS ON SUBCONTRACTING.—A concern may not be awarded a contract under this subsection as a small business concern unless the concern agrees to satisfy the requirements of section 657s of this title.

(iv) In addition to any other remedy or sanction provided for under law or regulation, any person who falsely certifies pursuant to clause (i) shall be subject to a civil penalty under the Program Fraud Civil Remedies Act of 1986¹ (31 U.S.C. 3801-3812).

(19)(A) Any employee of the Administration who has authority to take, direct others to take, recommend, or approve any action with respect to any program or activity conducted pursuant to this subsection or section 636(j) of this title, shall not, with respect to any such action, exercise or threaten to exercise such authority on the basis of the political activity or affiliation of any party. Employees of the Administration

shall expeditiously report to the Inspector General of the Administration any such action for which such employee's participation has been solicited³ or directed.

(B) Any employee who willfully and knowingly violates subparagraph (A) shall be subject to disciplinary action which may consist of separation from service, reduction in grade, suspension, or reprimand.

(21)(A) Subject to the provisions of subparagraph (B), a contract (including options) awarded pursuant to this subsection shall be performed by the concern that initially received such contract. (II) the disadvantaged owners will maintain ownership of the largest single outstanding block of voting stock (including stock held by affiliated parties); and

(III) the disadvantaged owners will maintain control of daily business operations.

(C) The Administrator may waive the requirements of subparagraph (A) if—

(i) in the case of subparagraph (B) (i), (ii) and (iv), he is requested to do so prior to the actual relinquishment of ownership or control; and

(ii) in the case of subparagraph (B)(iii), he is requested to do so as soon as possible after the incapacity or death occurs.

(D) Concerns performing contracts awarded pursuant to this subsection shall be required to notify the Administration immediately upon entering an agreement (either oral or in writing) to transfer all or part of its stock or other ownership interest to any other party.

(E) Notwithstanding any other provision of law, for the purposes of determining ownership and control of a concern under this section, any potential ownership interests held by investment companies licensed under the Small Business Investment Act of 1958 [15 U.S.C. 661 et seq.] shall be treated in the same manner as interests held by the individuals upon whom eligibility is based.

(II) by cooperating and advising with—

(bb) other Federal and State agencies;

(III) by maintaining a clearinghouse for information on managing, financing, and operating small business enterprises; and

(I) take such actions as it determines to be appropriate to ensure that—

(aa) the Administration receives appropriate recognition and publicity;

(bb) the cooperation does not constitute or imply an endorsement by the Administration of any product or service of the cosponsor;

(cc) unnecessary promotion of the products or services of the cosponsor is avoided; and

(dd) utilization of any one cosponsor in a marketing area is minimized; and

(II) develop an agreement, executed on behalf of the Administration by an employee of the Administration in Washington, the District of Columbia, that provides, at a minimum, that—

To facilitate the implementation of such volunteer programs the Administration shall maintain at its headquarters and pay the salaries, benefits, and expenses of a volunteer and professional staff to manage and oversee the program. Any such payments made pursuant to this subparagraph shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts. Notwithstanding any other provision of law, SCORE may solicit cash and in-kind contributions from the private sector to be used to carry out its functions under this chapter, and may use payments made by the Administration pursuant to this subparagraph for such solicitation and the management of the contributions received.

(C) To allow any individual or group of persons participating with it in furtherance of the purposes of subparagraphs (A) and (B) to use the Administration's office facilities and related material and services as the Administration deems appropriate, including clerical and stenographic services:

(i) such volunteers, while carrying out activities under this paragraph shall be deemed Federal employees for the purposes of the Federal tort claims provisions in title 28; and for the purposes of subchapter I of chapter 81 of title 5 (relative to compensation to Federal employees for work injuries) shall be deemed civil employees of the United States within the meaning of the term "employee" as defined in section 8101 of title 5, and the provisions of that subchapter shall apply except that in computing compensation benefits for disability or death, the monthly pay of a volunteer shall be deemed that received under the entrance salary for a grade GS-11 employee;

(ii) the Administrator is authorized to reimburse such volunteers for all necessary out-of-pocket expenses incident to their provision of services under this chapter, or in connection with attendance at meetings sponsored by the Administration, or for the cost of malpractice insurance, as the Administrator shall determine, in accordance with regulations which he or she shall prescribe, and, while they are carrying out such activities away from their homes or regular places of business, for travel expenses (including per diem in lieu of subsistence) as authorized by section 5703 of title 5 for individuals serving without pay; and

(iii) such volunteers shall in no way provide services to a client of such Administration with a delinquent loan outstanding, except upon a specific request signed by such client for assistance in connection with such matter.

(D) Notwithstanding any other provision of law, no payment for supportive services or reimbursement of out-of-pocket expenses made to persons serving pursuant to this paragraph shall be subject to any tax or charge or be treated as wages or compensation for the purposes of unemployment, disability, retire-

(E) In carrying out its functions under subparagraph (A), to make grants (including contracts and cooperative agreements) to any public or private institution of higher education for the establishment and operation of a small business institute, which shall be used to provide business counseling and assistance to small business concerns through the activities of students enrolled at the institution, which students shall be entitled to receive educational credits for their activities.

(F) Notwithstanding any other provision of law and pursuant to regulations which the Administrator shall prescribe, counsel may be employed and counsel fees, court costs, bail, and other expenses incidental to the defense of volunteers may be paid in judicial or administrative proceedings arising directly out of the performance of activities pursuant to this paragraph, to which volunteers have been made parties.

(G) In carrying out its functions under this chapter and to carry out the activities authorized by title IV of the Women's Business Ownership Act of 1988 [15 U.S.C. 7101 et seq.], the Administration is authorized to accept, in the name of the Administration, and employ or dispose of in furtherance of the purposes of this chapter, any money or property, real, personal, or mixed, tangible, or intangible, received by gift, devise, bequest, or otherwise; and, further, to accept gratuitous services and facilities.

(6) to determine within any industry the concerns, firms, persons, corporations, partnerships, cooperatives, or other business enterprises which are to be designated "small-business concerns" for the purpose of effectuating the provisions of this chapter. To carry out this purpose the Administrator, when requested to do so, shall issue in response to each such request an appropriate certificate certifying an individual concern as

a "small-business concern" in accordance with the criteria expressed in this chapter. Any such certificate shall be subject to revocation when the concern covered thereby ceases to be a "small-business concern". Offices of the Government having procurement or lending powers, or engaging in the disposal of Federal property or allocating materials or supplies, or promulgating regulations affecting the distribution of materials or supplies, shall accept as conclusive the Administration's determination as to which enterprises are to be designated "small-business concerns", as authorized and directed under this paragraph;

A Government procurement officer or an officer engaged in the sale and disposal of Federal property may not, for any reason specified in the preceding sentence preclude any small business concern or group of such concerns from being awarded such contract without referring the matter for a final disposition to the Administration.

(B) If a Government procurement officer finds that an otherwise qualified small business concern may be ineligible due to the provisions of section 35(a)¹ of title 41, he shall notify the Administration in writing of such finding. The Administration shall review such finding and shall either dismiss it and certify the small business concern to be an eligible Government contractor for a specific Government contract or if it concurs in the finding, forward the matter to the Secretary of Labor for final disposition, in which case the Administration may certify the small business concern only if the Secretary of Labor finds the small business concern not to be in violation.

(C) In any case in which a small business concern or group of such concerns has been certified by the Administration pursuant to (A) or (B) to be a responsible or eligible Government contractor as to a specific Government contract, the officers of the Government having procurement or property disposal powers are directed to accept such certification as conclusive, and shall let such Government contract to such concern or group of concerns without requiring it to meet any other requirement of responsibility or eligibility. Notwithstanding the first sentence of this subparagraph, the Administration may not establish an exemption from referral or notification or refuse to accept a referral or notification from a Government procurement officer made pursuant to subparagraph (A) or (B) of this paragraph, but nothing in this paragraph shall require the processing of an application for certification if the small business concern to which the referral pertains declines to have the application processed.

(B) for purposes of subparagraph (A), the term “continuation award” means a renewal or recompetite, awarded at the discretion of the Administrator, for another 5-year project period for a grant, contract, or cooperative agreement under this paragraph that is made up of a base project period of 12 months, with up to 4 option periods of 12 months, subject to continuing program authority, availability of funds, and satisfactory performance by the recipient organization;

§ 638. Research and development

(a) Declaration of policy

Research and development are major factors in the growth and progress of industry and the national economy. The expense of carrying on research and development programs is beyond the means of many small-business concerns, and such concerns are handicapped in obtaining the benefits of research and development programs conducted at Government expense. These small-business concerns are thereby placed at a competitive disadvantage. This weakens the competitive free enterprise system and prevents the orderly development of the national economy. It is the policy of the Congress that assistance be given to small-business concerns to enable them to undertake and to obtain the benefits of research and development in order to maintain and strengthen the competitive free enterprise system and the national economy.

(b) Assistance to small-business concerns

It shall be the duty of the Administration, and it is empowered—

(1) to assist small-business concerns to obtain Government contracts for research and development;

(2) to assist small-business concerns to obtain the benefits of research and development performed under Government contracts or at Government expense;

(3) to provide technical assistance to small-business concerns to accomplish the purposes of this section;

(4) to develop and maintain a source file and an information program to assure each qualified and interested small business concern the opportunity to participate in Federal agency small business innovation research programs and small business technology transfer programs;

(5) to coordinate with participating agencies a schedule for release of SBIR and STTR solicitations, and to prepare a master release schedule so as to maximize small businesses' opportunities to respond to solicitations;

(6) to independently survey and monitor the operation of SBIR and STTR programs within participating Federal agencies;

(7) to report not less than annually to the Committee on Small Business of the Senate, and to the Committee on Science and the Committee on Small Business of the House of Representatives, on the SBIR and STTR programs of the Federal agencies and the Administration's information and monitoring efforts related to the SBIR and STTR programs, including—

(A) the data on output and outcomes collected pursuant to subsections (g)(8) and (o)(9);

(B) the number of proposals received from, and the number and total amount of awards to, HUBZone small business concerns and firms with venture capital, hedge fund, or private equity firm investment (including those majority-owned by multiple venture capital operating companies, hedge funds, or private equity firms) under each of the SBIR and STTR programs;

(C) a description of the extent to which each Federal agency is increasing outreach and awards to firms owned and controlled by women or by socially or economically disadvantaged individuals under each of the SBIR and STTR programs;

(D) general information about the implementation of, and compliance with the allocation of funds required under, subsection (dd) for firms owned in majority part by venture capital operating companies, hedge funds, or private equity firms and participating in the SBIR program;

(E) a detailed description of appeals of Phase III awards and notices of noncompliance with the SBIR Policy Directive and the STTR Policy Directive filed by the Administrator with Federal agencies;

(F) an accounting of funds, initiatives, and outcomes under the Commercialization Readiness Program;

(G) a description of the extent to which Federal agencies are providing in a timely manner information needed to maintain the database described in subsection (k);

(H) with respect to a Federal agency to which subsection (f)(1) or (n)(1) applies, whether the Federal agency has complied with the applicable subsection for the year covered by the report;

(i) open topics; and

(ii) conventional topics;

(K) the minimum performance standards established under subsection (qq), including any applicable modifications under paragraph (3) of such subsection, and the number of small business concerns that did not meet those minimum performance standards, provided that the Administrator does not publish any personally identifiable information, the identity of each such small business concern, or any otherwise sensitive information; and

(L) the aggregate number and dollar amount of SBIR and STTR awards made pursuant to waivers under subsection (qq)(3)(E), provided that the Administrator does not publish any personally identifiable information, the identity of each such small business concern, or any otherwise sensitive information;

(8) to provide for and fully implement the tenets of Executive Order No. 13329 (Encouraging Innovation in Manufacturing);

(9) to coordinate the implementation of electronic databases at each of the Federal agencies participating in the SBIR program or the STTR program, including the technical ability of the participating agencies to electronically share data; and

(10) to consult, where appropriate, with personnel from the relevant Federal agency to assist small business concerns participating in a SBIR or STTR program with commercializing research developed under such a program before such small business concern is awarded a contract from such Federal agency.

(c) Consultation and cooperation with Government agencies; studies and recommendations

(2) The Administrator may, after consultation with the Attorney General and the Chairman of the Federal Trade Commission, and with the prior written approval of the Attorney General, approve any agreement between small-business firms providing for a joint program of research and development, if the Administrator finds that the joint program proposed will maintain and strengthen the free enterprise system and the economy of the Nation. The Administrator or the Attorney General may at any time withdraw his approval of the agreement and the joint program of research and development covered thereby, if he finds that the agreement or the joint program carried on under it is no longer in the best interests of the competitive free enterprise system and the economy of the Nation. A copy of the statement of any such finding and approval intended to be within the coverage of this subsection, and a copy of any modification or withdrawal of approval, shall be published in the Federal Register. The authority

conferred by this subsection on the Administrator shall not be delegated by him.

(3) No act or omission to act pursuant to and within the scope of any joint program for research and development, under an agreement approved by the Administrator under this subsection, shall be construed to be within the prohibitions of the antitrust laws or the Federal Trade Commission Act [15 U.S.C. 41 et seq.]. Ex. Ord. No. 11518, Mar. 20, 1970, 35 F.R. 4939, provided: WHEREAS the policy of the Government of the United States is to insure the continuance of a strong and healthy free enterprise system; and

WHEREAS the existence of a strong and healthy free enterprise system is directly related to the well being and competitive strength of small business concerns and their opportunities for free entry into business, growth, and expansion; and

WHEREAS the departments and agencies of the United States Government exercise, through their regulatory and other programs and practices, a significant influence on the well being and competitive strength of business concerns, particularly minority-owned business concerns, and their opportunities for free entry into business, growth and expansion; and

WHEREAS members of minority groups traditionally have aspired to own their own businesses and thereby to participate in our free enterprise system; and

WHEREAS members of certain minority groups through no fault of their own have been denied the full opportunity to achieve these aspirations; and

WHEREAS the policy of the Executive Branch of the United States Government continues to be, as was described by President Dwight D. Eisenhower, "to strive to eliminate obstacles to the growth of small business"; and

WHEREAS the Small Business Act (72 Stat. 384, 15 U.S.C. 631) declares the Congressional policy that the

United States Government should aid, counsel, assist and protect, insofar as is possible, the interests of small business concerns; and

WHEREAS the Small Business Administration is the agency within the Executive Branch of the United States Government especially responsible for and with an established program of advocacy in matters relating to small business; and

WHEREAS section 8(b)(12) of the Small Business Act (72 Stat. 391, 15 U.S.C. 637(b)(12)) empowers the Small Business Administration to consult and cooperate with all Government agencies for the purpose of insuring that small business concerns receive fair and reasonable treatment from such agencies, and section 10(f) of that Act (72 Stat. 393, 15 U.S.C. 639(f)) requires each department and agency of the Federal Government, when requested by the Administrator of the Small Business Administration, to consult and cooperate with the Administration in the formulation by such department or agency of policies affecting small business concerns, in order to insure that small business interests will be recognized, protected, and preserved:

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States and in furtherance of the purpose and policy of the Small Business Act, it is ordered as follows:

SECTION 1. The Small Business Administration, as the spokesman for and advocate of the small business community, shall advise and counsel small business concerns in their dealings with the departments and agencies of the United States Government to the end that the views of small business concerns will be fully heard, their rights fully protected, and their valid interests fully advanced.

SEC. 2. Departments and agencies of the Executive Branch of the United States Government shall call upon the Small Business Administration for advice, guidance, and assistance when considering matters which reasonably can be construed as materially affecting the well being or competitive strength of small business concerns or their opportunities for free entry into business, growth, or expansion. In taking action on such matters, these departments and agencies shall act in a manner calculated to advance the valid interests of small business concerns.

SEC. 3. The Small Business Administration, whenever it determines that the valid interests of small business concerns so warrant, shall take such action as may be appropriate to insure the timely presentation to departments and agencies of the United States Government of matters materially affecting the well being or competitive strength of small business concerns or their opportunities for free entry into business, growth, or expansion. To this end, the Small Business Administration may participate in investigations, hearings, or other proceedings pending before such departments or agencies and submit evidence, briefs, and arguments in accordance with, and to the extent permitted by, the department's or agency's rules of practice and procedure.

SEC. 4. In performing the responsibilities and duties placed on it by this order, the Small Business Administration shall particularly consider the needs and interests of minority-owned small business concerns and of members of minority groups seeking entry into the business community.

SEC. 5. Nothing in this order shall be construed to authorize the Small Business Administration to act as an attorney for an individual concern in any investigation, hearing, or other proceeding pending before any department or agency of the United States Government. Nothing in this order shall be construed to subject any department or agency to the authority of any other department or agency, to affect the present authority of any department or agency to participate in the proceedings of another department or agency, or to affect the authority of the Attorney General under 28 U.S.C. 519.

SEC. 6. The term “small business concern” as used in this order shall have the same meaning as in the Small Business Act.

RICHARD NIXON.

§ 639a. Review of loan program; submission of estimated needs for additional authorization

It is the sense of the Congress that the regular business loan program of the Small Business Administration should be reviewed by the Congress at least once every two years. It is further the sense of the Congress that the Small Business Administration should submit its estimated needs for additional authorization for such program to the Congress at least one year in advance of the date on which such authorization is to be provided, in order to assure an orderly and recurring review of such program and to avoid emergency appeals for additional authorization. Compliance by the Small Business Administration with the foregoing policy will enable the Congress on and after July 25, 1962, to provide additional authorization for such program on a two-year basis.

§ 644. Awards or contracts**(a) Small business procurements****(1) In general**

For purposes of this chapter, small business concerns shall receive any award or contract if such award or contract is, in the determination of the Administrator and the contracting agency, in the interest of—

(A) maintaining or mobilizing the full productive capacity of the United States;

(B) war or national defense programs; or

(C) assuring that a fair proportion of the total purchases and contracts for goods and services of the Government in each industry category (as defined under paragraph (2)) are awarded to small business concerns.

(2) Industry category defined**(A) In general**

In this subsection, the term “industry category” means a discrete group of similar goods and services, as determined by the Administrator in accordance with the North American Industry Classification System codes used to establish small business size standards, except that the Administrator shall limit an industry category to a greater extent than provided under the North American Industry Classification System codes if the Administrator receives evidence indicating that further segmentation of the industry category is warranted—

(i) due to special capital equipment needs;

(ii) due to special labor requirements;

(iii) due to special geographic requirements, except as provided in subparagraph (B);

(iv) due to unique Federal buying patterns or requirements; or

(v) to recognize a new industry.

(B) Exception for geographic requirements

The Administrator may not further segment an industry category based on geographic requirements unless—

(i) the Government typically designates the geographic area where work for contracts for goods or services is to be performed;

(ii) Government purchases comprise the major portion of the entire domestic market for such goods or services; and

(iii) it is unreasonable to expect competition from business concerns located outside of the general geographic area due to the fixed location of facilities, high mobilization costs, or similar economic factors.

(3) Determinations with respect to awards or contracts

Determinations made pursuant to paragraph (1) may be made for individual awards or contracts, any part of an award or contract or task order, or for classes of awards or contracts or task orders.

(4) Increasing prime contracting opportunities for small business concerns**(A) Description of covered proposed procurements**

The requirements of this paragraph shall apply to a proposed procurement that includes in its statement of work goods or services currently being supplied or performed by a small business concern and, as determined by the Administrator—

(i) is in a quantity or of an estimated dollar value which makes the participation of a small business concern as a prime contractor unlikely;

(ii) in the case of a proposed procurement for construction, seeks to bundle or consolidate discrete construction projects; or

(iii) is a solicitation that involves an unnecessary or unjustified bundling of contract requirements.

(B) Notice to procurement center representatives

With respect to proposed procurements described in subparagraph (A), at least 30 days before issuing a solicitation and concurrent with other processing steps required before issuing the solicitation, the contracting agency shall provide a copy of the proposed procurement to the procurement center representative of the contracting agency (as described in subsection (I)) along with a statement explaining—

(i) why the proposed procurement cannot be divided into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement;

(ii) why delivery schedules cannot be established on a realistic basis that will encourage the participation of small business

concerns in a manner consistent with the actual requirements of the Government;

(iii) why the proposed procurement cannot be offered to increase the likelihood of the participation of small business concerns;

(iv) in the case of a proposed procurement for construction, why the proposed procurement cannot be offered as separate discrete projects; or

(v) why the contracting agency has determined that the bundling of contract requirements is necessary and justified.

(C) Alternatives to increase prime contracting opportunities for small business concerns

If the procurement center representative believes that the proposed procurement will make the participation of small business concerns as prime contractors unlikely, the procurement center representative, within 15 days after receiving the statement described in subparagraph (B), shall recommend to the contracting agency alternative procurement methods for increasing prime contracting opportunities for small business concerns.

(D) Failure to agree on an alternative procurement method

If the procurement center representative and the contracting agency fail to agree on an alternative procurement method, the Administrator shall submit the matter to the head of the appropriate department or agency for a determination.

(5) Contracts for sale of government property

With respect to a contract for the sale of Government property, small business concerns shall receive any such contract if, in the determination of the Administrator and the disposal agency, the award of such contract is in the interest of assuring that a fair proportion of the total sales of Government property be made to small business concerns.

(6) Sale of electrical power or other property

Nothing in this subsection shall be construed to change any preferences or priorities established by law with respect to the sale of electrical power or other property by the Federal Government.

(7) Costs exceeding fair market price

A contract may not be awarded under this subsection if the cost of the contract to the awarding agency exceeds a fair market price.

(b) Placement of contracts by contracting procurement agency

With respect to any work to be performed the amount of which would exceed the maximum amount of any contract for which a surety may be guaranteed against loss under section 694b of this title, the contracting procurement agency shall, to the extent practicable, place contracts so as to allow more than one small business concern to perform such work.

(c) Programs for blind and handicapped individuals

(1) As used in this subsection:

(A) The term “Committee” means the Committee for Purchase From People Who Are Blind or Severely Disabled established under section 8502 of title 41.

(B) The term “public or private organization for the handicapped” has the same meaning given such term in section 632(e) of this title.

(C) The term “handicapped individual” has the same meaning given such term in section 632(f) of this title.

(2)(A) During fiscal year 1995, public or private organizations for the handicapped shall be eligible to participate in programs authorized under this section in an aggregate amount not to exceed \$40,000,000.

(B) None of the amounts authorized for participation by subparagraph (A) may be placed on the procurement list maintained by the Committee pursuant to section 8503 of title 41.

(3) The Administrator shall monitor and evaluate such participation.

(4)(A) Not later than ten days after the announcement of a proposed award of a contract by an agency or department to a public or private organization for the handicapped, a for-profit small business concern that has experienced or is likely to experience severe economic injury as the result of the proposed award may file an appeal of the proposed award with the Administrator.

(B) If such a concern files an appeal of a proposed award under subparagraph (A) and the Administrator, after consultation with the Executive Director of the Committee, finds that the concern has experienced or is likely to experience severe economic injury as the result of the proposed award, not later than thirty days after the filing of the appeal, the Administration shall require each agency and department having procurement powers to take such action as may be appropriate to alleviate economic injury sustained or likely to be sustained by the concern.

(5) Each agency and department having procurement powers shall report to the Office of Federal Procurement Policy each time a contract subject to paragraph (2)(A) is entered into, and shall include in its report the amount of the next higher bid submitted by a for-profit small business concern. The Office of Federal Procurement Policy shall collect data reported under the preceding sentence through the Federal procurement data system and shall report to the Administration which shall notify all such agencies and departments when the maximum amount of awards authorized under paragraph (2)(A) has been made during any fiscal year.

(6) For the purpose of this subsection, a contract may be awarded only if at least 75 per centum of the direct labor performed on each item being produced under the contract in the sheltered workshop or performed in providing each type of service under the contract by the sheltered workshop is performed by handicapped individuals.

(7) Agencies awarding one or more contracts to such an organization pursuant to the provisions of this subsection may use multiyear contracts, if appropriate.

(d) Priority

For purposes of this section priority shall be given to the awarding of contracts and the placement of subcontracts to small business concerns which shall perform a substantial proportion of the production on those contracts and subcontracts within areas of concentrated unemployment or underemployment or within labor surplus areas. Notwithstanding any other provision of law, total labor surplus area set-asides pursuant to Defense Manpower Policy Number 4 (32A C.F.R. Chapter 1) or any successor policy shall be authorized if the Secretary or his designee specifically determines that there is a reasonable expectation that offers will be obtained from a sufficient number of eligible concerns so that awards will be made at reasonable prices. As soon as practicable and to the extent possible, in determining labor surplus areas, consideration shall be given to those persons who would be available for employment were suitable employment available. Until such definition reflects such number, the present criteria of such policy shall govern.

(e) Procurement strategies; contract bundling**(1) In general**

To the maximum extent practicable, procurement strategies used by a Federal department or agency having contracting authority shall facilitate the maximum participation of small business concerns as prime contractors, subcontractors, and suppliers, and each such Federal department or agency shall—

(A) provide opportunities for the participation of small business concerns during acquisition planning processes and in acquisition plans; and

(B) invite the participation of the appropriate Director of Small and Disadvantaged Business Utilization in acquisition planning processes and provide that Director access to acquisition plans.

(2) Market research**(A) In general**

Before proceeding with an acquisition strategy that could lead to a contract containing consolidated procurement requirements, the head of an agency shall conduct market research to determine whether consolidation of the requirements is necessary and justified.

(B) Factors

For purposes of subparagraph (A), consolidation of the requirements may be determined as being necessary and justified if, as compared to the benefits that would be derived from contracting to meet those requirements if not consolidated, the Federal Government would derive from the consolidation measurably substantial benefits, including any combination of benefits that, in combination, are measurably substantial. Benefits described in the preceding sentence may include the following:

- (i) Cost savings.
- (ii) Quality improvements.
- (iii) Reduction in acquisition cycle times.

(iv) Better terms and conditions.

(v) Any other benefits.

(C) Reduction of costs not determinative

The reduction of administrative or personnel costs alone shall not be a justification for bundling of contract requirements unless the cost savings are expected to be substantial in relation to the dollar value of the procurement requirements to be consolidated.

(3) Strategy specifications

If the head of a contracting agency determines that an acquisition plan for a procurement involves a substantial bundling of contract requirements, the head of a contracting agency shall publish a notice on a public website that such determination has been made not later than 7 days after making such determination. Any solicitation for a procurement related to the acquisition plan may not be published earlier than 7 days after such notice is published. Along with the publication of the solicitation, the head of a contracting agency shall publish a justification for the determination, which shall include the following information:

(A) The specific benefits anticipated to be derived from the bundling of contract requirements and a determination that such benefits justify the bundling.

(B) An identification of any alternative contracting approaches that would involve a lesser degree of bundling of contract requirements.

(C) An assessment of—

(i) the specific impediments to participation by small business concerns as prime contractors that result from the bundling of contract requirements; and

(ii) the specific actions designed to maximize participation of small business concerns as subcontractors (including suppliers) at various tiers under the contract or contracts that are awarded to meet the requirements.

(4) Contract teaming**(A) In general**

In the case of a solicitation of offers for a bundled or consolidated contract that is issued by the head of an agency, a small business concern that provides for use of a particular team of subcontractors or a joint venture of small business concerns may submit an offer for the performance of the contract.

(B) Evaluation of offers

The head of the agency shall evaluate an offer described in subparagraph (A) in the same manner as other offers, with due consideration to the capabilities of all of the proposed subcontractors or members of the joint venture as follows:

(i) Teams

When evaluating an offer of a small business prime contractor that includes a proposed team of small business subcontractors, the head of the agency shall consider

the capabilities and past performance of each first tier subcontractor that is part of the team as the capabilities and past performance of the small business prime contractor.

(ii) Joint ventures

When evaluating an offer of a joint venture of small business concerns, if the joint venture does not demonstrate sufficient capabilities or past performance to be considered for award of a contract opportunity, the head of the agency shall consider the capabilities and past performance of each member of the joint venture as the capabilities and past performance of the joint venture.

(C) Status as a small business concern

Participation of a small business concern in a team or a joint venture under this paragraph shall not affect the status of that concern as a small business concern for any other purpose.

(5) Past performance ratings of joint ventures for small business concerns

With respect to evaluating an offer for a prime contract made by a small business concern that previously participated in a joint venture with another business concern (whether or not such other business concern was a small business concern), the Administrator shall establish regulations—

(A) allowing the small business concern to elect to use the past performance of the joint venture if the small business concern has no relevant past performance of its own;

(B) requiring the small business concern, when making an election under subparagraph (A)—

(i) to identify to the contracting officer the joint venture of which the small business concern was a member; and

(ii) to inform the contracting officer what duties and responsibilities the small business concern carried out as part of the joint venture; and

(C) requiring a contracting officer, if the small business concern makes an election under subparagraph (A), to consider the past performance of the joint venture when evaluating the past performance of the small business concern, giving due consideration to the information provided under subparagraph (B)(ii).

(f) Contracting preference for small business concerns in a major disaster area

(1) Definition

In this subsection, the term “disaster area” means the area for which the President has declared a major disaster, during the period of the declaration.

(2) Contracting preference

An agency shall provide a contracting preference for a small business concern located in a disaster area if the small business concern will perform the work required under the contract in the disaster area.

(3) Credit for meeting contracting goals

If an agency awards a contract to a small business concern under the circumstances de-

scribed in paragraph (2), the value of the contract shall be doubled for purposes of determining compliance with the goals for procurement contracts under subsection (g)(1)(A).

(g) Goals for participation of small business concerns in procurement contracts

(1) GOVERNMENTWIDE GOALS.—

(A) ESTABLISHMENT.—The President shall annually establish Governmentwide goals for procurement contracts awarded to small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women in accordance with the following:

(i) The Governmentwide goal for participation by small business concerns shall be established at not less than 23 percent of the total value of all prime contract awards for each fiscal year. In meeting this goal, the Government shall ensure the participation of small business concerns from a wide variety of industries and from a broad spectrum of small business concerns within each industry.

(ii) The Governmentwide goal for participation by small business concerns owned and controlled by service-disabled veterans shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year.

(iii) The Governmentwide goal for participation by qualified HUBZone small business concerns shall be established at not less than 3 percent of the total value of all prime contract and subcontract awards for each fiscal year.

(iv) The Governmentwide goal for participation by small business concerns owned and controlled by socially and economically disadvantaged individuals shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year.

(v) The Governmentwide goal for participation by small business concerns owned and controlled by women shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year.

(B) ACHIEVEMENT OF GOVERNMENTWIDE GOALS.—Each agency shall have an annual goal that presents, for that agency, the maximum practicable opportunity for small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to participate in the performance of contracts let by such agency. The Small Business Administration and the Administrator for Federal Procurement Policy shall, when exercising their authority pursuant to paragraph (2), insure that the cumulative annual prime contract goals

for all agencies meet or exceed the annual Governmentwide prime contract goal established by the President pursuant to this paragraph.

(2)(A) The head of each Federal agency shall, after consultation with the Administration, establish goals for the participation by small business concerns, by small business concerns owned and controlled by service-disabled veterans, by qualified HUBZone small business concerns, by small business concerns owned and controlled by socially and economically disadvantaged individuals, and by small business concerns owned and controlled by women in procurement contracts of such agency. Such goals shall separately address prime contract awards and subcontract awards for each category of small business covered.

(B) Goals established under this subsection shall be jointly established by the Administration and the head of each Federal agency and shall realistically reflect the potential of small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to perform such contracts and to perform subcontracts under such contracts. Contracts excluded from review by procurement center representatives pursuant to subsection (7)(9)(B) shall not be considered when establishing these goals.

(C) Whenever the Administration and the head of any Federal agency fail to agree on established goals, the disagreement shall be submitted to the Administrator for Federal Procurement Policy for final determination.

(D) After establishing goals under this paragraph for a fiscal year, the head of each Federal agency shall develop a plan for achieving such goals at both the prime contract and the subcontract level, which shall apportion responsibilities among the agency's acquisition executives and officials. In establishing goals under this paragraph, the head of each Federal agency shall make a consistent effort to annually expand participation by small business concerns from each industry category in procurement contracts and subcontracts of such agency, including participation by small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women.

(E) The head of each Federal agency, in attempting to attain expanded participation under subparagraph (D), shall consider—

- (i) contracts awarded as the result of unrestricted competition; and
- (ii) contracts awarded after competition restricted to eligible small business concerns under this section and under the program established under section 637(a) of this title.

(F)(i) Each procurement employee or program manager described in clause (ii) shall communicate to the subordinates of the procurement

employee or program manager the importance of achieving goals established under subparagraph (A).

(ii) A procurement employee or program manager described in this clause is a senior procurement executive, senior program manager, or Director of Small and Disadvantaged Business Utilization of a Federal agency having contracting authority.

(3) First tier subcontracts that are awarded by Management and Operating contractors sponsored by the Department of Energy to small business concerns, small businesses¹ concerns owned and controlled by service disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women, shall be considered toward the annually established agency and Government-wide goals for procurement contracts awarded.

(h) Reporting on goals for procurement contracts awarded to small business concerns

(1) Agency reports

At the conclusion of each fiscal year, the head of each Federal agency shall submit to the Administrator a report describing—

- (A) the extent of the participation by small business concerns, small business concerns owned and controlled by veterans (including service-disabled veterans), qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women in the procurement contracts of such agency during such fiscal year;

(C) any justifications for a failure to achieve such goals; and

(D) a remediation plan with proposed new practices to better meet such goals, including analysis of factors leading to any failure to achieve such goals.

(2) Reports by Administrator

Not later than 60 days after receiving a report from each Federal agency under paragraph (1) with respect to a fiscal year, the Administrator shall submit to the President and Congress, and to make available on a public Web site, a report that includes—

(A) a copy of each report submitted to the Administrator under paragraph (1);

(B) a determination of whether each goal established by the President under subsection (g)(1) for such fiscal year was achieved;

Ex. Ord. No. 13157, May 23, 2000, 65 F.R. 34035, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Small Business Act, 15 U.S.C. 631, *et seq.*, section 7106 of the Federal Acquisition

Streamlining Act of 1994 (Public Law 103-355) [amending 15 U.S.C. 632, 637, 644, 645], and the Office of Federal Procurement Policy [Act], [former] 41 U.S.C. 403, *et seq.*, and in order to strengthen the executive branch's commitment to increased opportunities for women-owned small businesses, it is hereby ordered as follows:

SECTION 1. *Executive Branch Policy.* In order to reaffirm and strengthen the statutory policy contained in the Small Business Act, 15 U.S.C. 644(g)(1), it shall be the policy of the executive branch to take the steps necessary to meet or exceed the 5 percent Government-wide goal for participation in procurement by women-owned small businesses (WOSBs). Further, the executive branch shall implement this policy by establishing a participation goal for WOSBs of not less than 5 percent of the total value of all prime contract awards for each fiscal year and of not less than 5 percent of the total value of all subcontract awards for each fiscal year.

SEC. 2. *Responsibilities of Federal Departments and Agencies.* Each department and agency (hereafter referred to collectively as "agency") that has procurement authority shall develop a long-term comprehensive strategy to expand opportunities for WOSBs. Where feasible and consistent with the effective and efficient performance of its mission, each agency shall establish a goal of achieving a participation rate for WOSBs of not less than 5 percent of the total value of all prime contract awards for each fiscal year and of not less than 5 percent of the total value of all subcontract awards for each fiscal year. The agency's plans shall include, where appropriate, methods and programs as set forth in section 4 of this order.

SEC. 3. *Responsibilities of the Small Business Administration.* The Small Business Administration (SBA) shall establish an Assistant Administrator for Women's Procurement within the SBA's Office of Government Contracting. This officer shall be responsible for:

(a) working with each agency to develop and implement policies to achieve the participation goals for WOSBs for the executive branch and individual agencies;

(b) advising agencies on how to implement strategies that will increase the participation of WOSBs in Federal procurement;

(c) evaluating, on a semiannual basis, using the Federal Procurement Data System (FPDS), the achievement of prime and subcontract goals and actual prime and subcontract awards to WOSBs for each agency;

(d) preparing a report, which shall be submitted by the Administrator of the SBA to the President, through the Interagency Committee on Women's Business Enterprise and the Office of Federal Procurement Policy (OFPP), on findings based on the FPDS, regarding prime contracts and subcontracts awarded to WOSBs;

(e) making recommendations and working with Federal agencies to expand participation rates for WOSBs, with a particular emphasis on agencies in which the participation rate for these businesses is less than 5 percent;

(f) providing a program of training and development seminars and conferences to instruct women on how to participate in the SBA's 8(a) [15 U.S.C. 637(a)] program, the Small Disadvantaged Business (SDB) program, the HUBZone program, and other small business contracting programs for which they may be eligible;

(g) developing and implementing a single uniform Federal Government-wide website, which provides links to other websites within the Federal system concerning acquisition, small businesses, and women-owned businesses, and which provides current procurement information for WOSBs and other small businesses;

(h) developing an interactive electronic commerce database that allows small businesses to register their businesses and capabilities as potential contractors for Federal agencies, and enables contracting of-

ficers to identify and locate potential contractors; and

(i) working with existing women-owned business organizations, State and local governments, and others in order to promote the sharing of information and the development of more uniform State and local standards for WOSBs that reduce the burden on these firms in competing for procurement opportunities.

SEC. 4. *Other Responsibilities of Federal Agencies.* To the extent permitted by law, each Federal agency shall work with the SBA to ensure maximum participation of WOSBs in the procurement process by taking the following steps:

(a) designating a senior acquisition official who will work with the SBA to identify and promote contracting opportunities for WOSBs;

(b) requiring contracting officers, to the maximum extent practicable, to include WOSBs in competitive acquisitions;

(c) prescribing procedures to ensure that acquisition planners, to the maximum extent practicable, structure acquisitions to facilitate competition by and among small businesses, HUBZone small businesses, SDBs, and WOSBs, and providing guidance on structuring acquisitions, including, but not limited to, those expected to result in multiple award contracts, in order to facilitate competition by and among these groups;

(d) implementing mentor-protégé programs, which include women-owned small business firms; and

(e) offering industry-wide as well as industry-specific outreach, training, and technical assistance programs for WOSBs including, where appropriate, the use of Government acquisitions forecasts, in order to assist WOSBs in developing their products, skills, business planning practices, and marketing techniques.

SEC. 5. *Subcontracting Plans.* The head of each Federal agency, or designated representative, shall work closely with the SBA, OFPP, and others to develop procedures to increase compliance by prime contractors with subcontracting plans proposed under section 8(d) of the Small Business Act (15 U.S.C. 637(d)) or section 834 of Public Law 101-189, as amended (15 U.S.C. 637 note), including subcontracting plans involving WOSBs.

SEC. 6. *Action Plans.* If a Federal agency fails to meet its annual goals in expanding contract opportunities for WOSBs, it shall work with the SBA to develop an action plan to increase the likelihood that participation goals will be met or exceeded in future years.

SEC. 7. *Compliance.* Independent agencies are requested to comply with the provisions of this order.

SEC. 8. *Consultation and Advice.* In developing the long-term comprehensive strategies required by section 2 of this order, Federal agencies shall consult with, and seek information and advice from, State and local governments, WOSBs, other private-sector partners, and other experts.

SEC. 9. *Judicial Review.* This order is for internal management purposes for the Federal Government. It does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies, its officers, its employees, or any other person.

EX. ORD. NO. 13170. INCREASING OPPORTUNITIES AND ACCESS FOR DISADVANTAGED BUSINESSES

Ex. Ord. No. 13170, Oct. 6, 2000, 65 F.R. 60827, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Small Business Act (15 U.S.C. 631 *et seq.*), section 7102 of the Federal Acquisition Streamlining Act of 1994 (Public Law 103-355, 15 U.S.C. 644 note), the Office of Federal Procurement Policy Act ([former] 41 U.S.C. 403 *et seq.*), Executive Order 11625 [15 U.S.C. 631 note], and to provide for increased access for disadvantaged businesses to Federal contracting opportunities, it is hereby ordered as follows:

SECTION 1. *Policy.* It is the policy of the executive branch to ensure nondiscrimination in Federal procurement opportunities for businesses in the Small Disadvantaged Business Program (SDBs), businesses in the section 8(a) Business Development program of the Small Business Administration (8(a)s), and Minority Business Enterprises (MBEs) as defined in section 6 of Executive Order 11625, of October 13, 1971, and to take affirmative action to ensure inclusion of these businesses in Federal contracting. These businesses are of vital importance to job growth and the economic strength of the United States but have faced historic exclusion and underutilization in Federal procurement. All agencies within the executive branch with procurement authority are required to take all necessary steps, as permitted by law, to increase contracting between the Federal Government and SDBs, 8(a)s, and MBEs.

SEC. 2. *Responsibilities of Executive Departments and Agencies with Procurement Authority.* The head of each executive department and agency shall carry out the terms of this order and shall designate, where appropriate, his or her Deputy Secretary or equivalent to implement the terms of this order.

(a) Each department and agency with procurement authority shall:

(i) aggressively seek to ensure that 8(a)s, SDBs, and MBEs are aware of future prime contracting opportunities through wide dissemination of contract announcements, including sources likely to reach 8(a)s, SDBs, other small businesses, and MBEs. Each department and agency shall use all available forms of communication to implement this provision, including the Internet, specialty press, and trade press;

(ii) work with the Small Business Administration (SBA) to ensure that information regarding sole source contracts awarded through the section 8(a) program receives the widest dissemination possible to 8(a)s;

(iii) ensure that the price evaluation preference programs authorized by the Federal Acquisition Streamlining Act of 1994 [Pub. L. 103-355, see Tables for classification] are used to the maximum extent permitted by law in areas of economic activity in which SDBs have historically been underused;

(iv) aggressively use the firms in the section 8(a) program, particularly in the developmental stage of the program, so that these firms have an opportunity to overcome artificial barriers to Federal contracting and gain access to the Federal procurement arena;

(v) ensure that department and agency heads take all reasonable steps so that prime contractors meet or exceed Federal subcontracting goals, and enforce subcontracting commitments as required by the Small Business Act (15 U.S.C. 637(d)) and other related laws. In particular, they shall ensure that prime contractors actively solicit bids for subcontracting opportunities from 8(a)s and SDBs, and fulfill their SDB and section 8(d) subcontracting obligations. Enforcement of SDB subcontracting plan commitments shall include assessments of liquidated damages, where appropriate, pursuant to applicable contract clauses;

(vi) encourage the establishment of business-to-business mentoring and teaming relationships, including the implementation of Mentor-Protege programs, to foster the development of the technical and managerial capabilities of 8(a)s and SDBs and to facilitate long-term business relationships;

(vii) offer information, training, and technical assistance programs for 8(a)s and SDBs including, where appropriate, Government acquisition forecasts in order to assist 8(a)s and SDBs in developing their products, skills, business planning practices, and marketing techniques;

(viii) train program and procurement officials regarding the policy of including 8(a)s and SDBs in Federal procurement. This includes prescribing procedures to ensure that acquisition planners, to the maximum extent practicable, structure acquisitions

to facilitate competition by SDBs and 8(a)s, including their participation in the competition of multiple award requirements;

(ix) provide the information required by the Department of Commerce when it requests data to develop the benchmarks used in the price evaluation preference programs authorized by the Federal Acquisition Streamlining Act of 1994;

(x) ensure that Directors of Offices of Small and Disadvantaged Business Utilization carry out their responsibilities to maximize the participation of 8(a)s and SDBs in Federal procurement and, in particular, ensure that the Directors report directly to the head of each department or agency as required by law; and

(xi) as required by law, establish with the Small Business Administration small business goals to ensure that the government-wide goal for participation of small business concerns is not less than 23 percent of Federal prime contracts. Where feasible and consistent with the effective and efficient performance of its mission, each agency shall establish a goal of achieving a participation rate for SDBs of not less than 5 percent of the total value of prime contract awards for each fiscal year and of not less than 5 percent of the total value of subcontract awards for each year. Each agency shall also establish a goal for awards made to 8(a) firms pursuant to section 8(a) of the Small Business Act [15 U.S.C. 637(a)]. These goals shall be considered the minimum goals and every effort shall be taken to exceed these goals wherever feasible.

(b) Each department and agency with procurement authority shall:

(i) develop a long-term comprehensive plan to implement the requirements of section 2(a) of this order and submit this plan to the Director of the Office of Management and Budget (OMB) within 90 days of the date of this order. The Director of OMB shall review each plan and report to the President on the sufficiency of each plan to carry out the terms of this order; and

(ii) annually, by April 30 each year, assess its efforts and the results of those efforts to increase utilization of 8(a)s, SDBs, and MBEs as both prime contractors and subcontractors and report on those efforts to the President through the Director of OMB, who shall review the evaluations made of the agency assessments by the Small Business Administration.

SEC. 3. *Responsibilities of the Small Business Administration.* The Administrator of the SBA shall:

(a) evaluate on a semi-annual basis, using the Federal Procurement Data System (FPDS), the achievement of government-wide prime and subcontract goals and the actual prime and subcontract awards to 8(a)s and SDBs for each department and agency. The OMB shall review SBA's evaluation;

(b) ensure that Procurement Center Representatives receive adequate training regarding the section 8(a) and SDB programs and that they consistently and aggressively seek opportunities for maximizing the use of 8(a)s and SDBs in department and agency procurements; and

(c) ensure that each department and agency's small and disadvantaged business procurement goals as well as the amount of procurement of each department and agency with 8(a)s, SDBs, and MBEs is publicly available in an easily accessible and understandable format such as through publication on the Internet.

SEC. 4. *Federal Advertising.* Each department or agency that contracts with businesses to develop advertising for the department or agency or to broadcast Federal advertising shall take an aggressive role in ensuring substantial minority-owned entities' participation, including 8(a), SDB, and MBE, in Federal advertising-related procurements. Each department and agency shall ensure that all creation, placement, and transmission of Federal advertising is fully reflective of the Nation's diversity. To achieve this diversity, special attention shall be given to ensure placement in publications and television and radio stations that

reach specific ethnic and racial audiences. Each department and agency shall ensure that payment for Federal advertising is commensurate with fair market rates in the relevant market. Each department and agency shall structure advertising contracts as commercial acquisitions consistent with part 12 of the Federal Acquisition Regulation processes and paperwork to enhance participation by 8(a)s, SDBs, and MBEs.

SEC. 5. *Information Technology.* Each department and agency shall aggressively seek to ensure substantial 8(a), SDB, and MBE participation in procurements for and related to information technology, including procurements in the telecommunications industry. In so doing, the Chief Information Officer in each department and agency shall coordinate with procurement officials to implement this section.

SEC. 6. *General Services Administration Schedules.* The SBA and the General Services Administration (GSA) shall act promptly to expand inclusion of 8(a)s and SDBs on GSA Schedules, and provide greater opportunities for 8(a) and SDB participation in orders under such schedules. The GSA should ensure that procurement and program officials at all levels that use GSA Schedules aggressively seek to utilize the Schedule contracts of 8(a)s and SDBs. The GSA shall allow agencies ordering from designated 8(a) firms under the Multiple Award Schedule to count those orders toward their 8(a) procurement goals.

SEC. 7. *Bundling Contracts.* To the extent permitted by law, departments and agencies must submit to the SBA for review any contracts that are proposed to be bundled. The determination of the SBA with regard to the appropriateness of bundling in each instance must be carefully reviewed by the department or agency head, or his or her designee, and must be given due consideration. If there is an unresolvable conflict, then the SBA or the department or agency can seek assistance from the OMB.

SEC. 8. *Awards Program.* The Secretary of Commerce and the Administrator of the SBA shall jointly undertake a feasibility study to determine the appropriateness of an awards program for executive departments and agencies who best exemplify the letter and intent of this order in increasing opportunities for 8(a)s, SDBs, and MBEs in Federal procurement. Such study shall be presented to the President within 90 days of the date of this order.

SEC. 9. *Applicability.* Independent agencies are requested to comply with the provisions of this order.

SEC. 10. *Administration, Enforcement, and Judicial Review.*

(a) This order shall be carried out to the extent permitted by law and consistent with the Administration's priorities and appropriations.

(b) This order is not intended and should not be construed to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or its employees.

Memorandum for the Director of the Office of Management and Budget

By the authority vested in me as President by the Constitution and laws of the United States, including section 15(g) of the Small Business Act, as amended [subsec. (g) of this section], and section 301 of Title 3 of the United States Code, I hereby delegate to the Director of the Office of Management and Budget the authority vested in the President to establish the annual goals required by Section 502 of the Business Opportunity Development Reform Act of 1988 (P.L. 100-656) [amending this section].

GEORGE BUSH.

CONTINUED COMMITMENT TO SMALL, SMALL DISADVANTAGED, AND SMALL WOMEN-OWNED BUSINESSES IN FEDERAL PROCUREMENT

Memorandum of President of the United States, Oct. 13, 1994, 59 F.R. 52397, provided:

Memorandum for the Heads of Executive Departments and Agencies [and] the President's Management Council

It is the policy of the Federal Government that a fair proportion of its contracts be placed with small, small disadvantaged, and small women-owned businesses. Such businesses should also have the maximum practicable opportunity to participate as subcontractors in contracts awarded by the Federal Government consistent with efficient contract performance. I am committed to the continuation of this policy. Therefore, I ask that you encourage the use of various tools, including set-asides, price preferences, and section 8(a) of the Small Business Act (15 U.S.C. 637(a)), as necessary to achieve this policy objective.

The Federal Acquisition Streamlining Act of 1994 [Pub. L. 103-355, see Short Title of 1994 Act note set out under section 101 of Title 41, Public Contracts] authorizes civilian agencies to utilize set-aside procurements for small disadvantaged businesses. The Act also, for the first time, establishes goals for contracting with small women-owned businesses. These provisions, along with others in the Act, will provide greater access to Federal Government business opportunities for small, small disadvantaged, and small women-owned businesses. Department and agency heads should ensure that efforts to streamline acquisition procedures encourage the participation of these businesses in Federal procurements.

This memorandum shall be published in the Federal Register.

WILLIAM J. CLINTON.

Editorial Notes

REFERENCES IN TEXT

Section 1841(a) of the National Defense Authorization Act for Fiscal Year 2017, referred to in subsecs. (a)(1), (c)(2)(G), and (o)(4), is section 1841(a) of Pub. L. 114–328, div. A, title XVIII, Dec. 23, 2016, 130 Stat. 2662, which is not classified to the Code.

Section 20(a), referred to in subsec. (a)(4)(C)(i)(I), (v), means section 2[20(a)] of Pub. L. 85–536, which is set out as a note under section 631 of this title.

Section 312(a) of the Small Business Regulatory Enforcement Fairness Act of 1996, referred to in subsec. (c)(3)(R), probably means section 212(a) of Pub. FINDINGS

Pub. L. 106-554, §1(a)(9) [title I, §111(a)], Dec. 21, 2000, 114 Stat. 2763, 2763A-674, provided that: “Congress finds that—

“(1) programs to foster economic development among small high-technology firms vary widely among the States;

“(2) States that do not aggressively support the development of small high-technology firms, including participation by small business concerns in the SBIR program, are at a competitive disadvantage in establishing a business climate that is conducive to technology development; and

“(3) building stronger national, State, and local support for science and technology research in these disadvantaged States will expand economic opportunities in the United States, create jobs, and increase the competitiveness of the United States in the world market.”

§ 657e. Mentoring Networks**(a) Findings**

Congress finds that—

(1) the SBIR and STTR programs create jobs, increase capacity for technological innovation, and boost international competitiveness;

(2) increasing the quantity of applications from all States to the SBIR and STTR programs would enhance competition for such awards and the quality of the completed projects; and

(3) mentoring is a natural complement to the FAST program of reaching out to new companies regarding the SBIR and STTR programs as an effective and low-cost way to improve the likelihood that such companies will succeed in such programs in developing and commercializing their research.

(b) Authorization for Mentoring Networks

The recipient of an award or participant in a cooperative agreement under section 657d of this title may use a reasonable amount of such assistance for the establishment of a Mentoring Network under this section.

(c) Criteria for Mentoring Networks

A Mentoring Network established using assistance under section 657d of this title shall—

(1) provide business advice and counseling to high technology small business concerns located in the State or region served by the Mentoring Network and identified under section 657d(c)(1)(E)(ii) of this title as potential candidates for the SBIR or STTR programs;

(2) identify volunteer mentors who—

(A) are persons associated with a small business concern that has successfully completed one or more SBIR or STTR funding agreements; and

(B) have agreed to guide small business concerns through all stages of the SBIR or STTR program process, including providing assistance relating to—

- (i) proposal writing;
- (ii) marketing;
- (iii) Government accounting;
- (iv) Government audits;
- (v) project facilities and equipment;
- (vi) human resources;
- (vii) third phase partners;
- (viii) commercialization;
- (ix) venture capital networking; and

(x) other matters relevant to the SBIR and STTR programs;

(3) have experience working with small business concerns participating in the SBIR and STTR programs;

- (4) contribute information to the national database referred to in subsection (d); and
- (5) agree to reimburse volunteer mentors for out-of-pocket expenses related to service as a mentor under this section.

(d) Mentoring database

The Administrator shall—

- (1) include in the database required by section 638(k)(1) of this title, in cooperation with the SBIR, STTR, and FAST programs, information on Mentoring Networks and mentors participating under this section, including a description of their areas of expertise;

(Pub. L. 85-536, §2[35], as added Pub. L. 106-554, §1(a)(9) [title I, §112], Dec. 21, 2000, 114 Stat. 2763, 2763A-680.)

§ 657f. Procurement program for small business concerns owned and controlled by service-disabled veterans

(a) Contracting officer defined

For purposes of this section, the term “contracting officer” has the meaning given such term in section 2101 of title 41.

(b) Certification of small business concerns owned and controlled by service-disabled veterans

With respect to a procurement program or preference established under this chapter that applies to prime contractors, the Administrator shall—

- (1) certify the status of a concern as a small business concern owned and controlled by service-disabled veterans; and
- (2) require the periodic recertification of such status.

(c) Sole source contracts

In accordance with this section, a contracting officer may award a sole source contract to any small business concern owned and controlled by service-disabled veterans if—

- (1) such concern is determined to be a responsible contractor with respect to performance of such contract opportunity and the contracting officer does not have a reasonable expectation that 2 or more small business concerns owned and controlled by service-disabled veterans will submit offers for the contracting opportunity;
- (2) the anticipated award price of the contract (including options) will not exceed—
 - (A) \$7,000,000, in the case of a contract opportunity assigned a standard industrial classification code for manufacturing; or
 - (B) \$3,000,000, in the case of any other contract opportunity; and
- (3) in the estimation of the contracting officer, the contract award can be made at a fair and reasonable price.

(d) Restricted competition

In accordance with this section, a contracting officer may award contracts on the basis of com-

petition restricted to small business concerns owned and controlled by service-disabled veterans certified under subsection (b) if the contracting officer has a reasonable expectation that not less than 2 small business concerns owned and controlled by service-disabled veterans will submit offers and that the award can be made at a fair market price.

(e) Relationship to other contracting preferences

A procurement may not be made from a source on the basis of a preference provided under subsection (a) or (b) if the procurement would otherwise be made from a different source under section 4124 or 4125 of title 18 or chapter 85 of title 41.

(f) Database of veteran-owned businesses

(1) Subject to paragraphs (2) through (6), the Administrator shall maintain a database of small business concerns owned and controlled by veterans, small business concerns owned and controlled by service-disabled veterans, and the veteran owners of such business concerns.

(2)(A) To be eligible for inclusion in the database, such a veteran shall submit to the Administrator such information as the Administrator may require with respect to the small business concern or the veteran. Application for inclusion in the database shall constitute permission under section 552a of title 5 (commonly referred to as the Privacy Act) for the Administrator to obtain from the Secretary of Veterans Affairs such personal information maintained by the Secretary as may be necessary to verify the information contained in the application.

(B) For purposes of this subsection—

- (i) the Secretary of Veterans Affairs shall—
 - (I) verify an individual's status as a veteran or a service-disabled veteran; and
 - (II) establish a system to permit the Administrator to access, but not alter, the verification of such status; and

(ii) the Administrator shall verify—

- (I) the status of a business concern as a small business concern; and
- (II) the ownership and control of such business concern.

(C) The Administrator may not certify a concern under subsection (b) or section 657f-1 of this title if the Secretary of Veterans Affairs cannot provide the verification described under subparagraph (B)(i)(I).

(3) Information maintained in the database shall be submitted on a voluntary basis by a veteran described in paragraph (1).

(4) The Administrator shall make the database available to all Federal departments and agencies and shall notify each such department and agency of the availability of the database.

(5) If the Administrator determines that the public dissemination of certain types of information maintained in the database is inappropriate, the Administrator shall take such steps as are necessary to maintain such types of information in a secure and confidential manner.

(6)(A) If a small business concern is not included in the database because the Administrator does not certify the status of the concern as a small business concern owned and controlled by veterans (under section 657f-1 of this

title) or a small business concern owned and controlled by service-disabled veterans (under subsection (g) of this section), the concern may appeal the denial of certification to the Office of Hearings and Appeals of the Administration (as established under section 634(i) of this title). The decision of the Office of Hearings and Appeals shall be considered a final agency action.

(B)(i) If an interested party challenges the inclusion in the database of a small business concern owned and controlled by veterans or a small business concern owned and controlled by service-disabled veterans based on the status of the concern as a small business concern or the ownership or control of the concern, the challenge shall be heard by the Office of Hearings and Appeals as described in subparagraph (A). The decision of the Office of Hearings and Appeals shall be considered final agency action.

(ii) In this subparagraph, the term “interested party” means—

(I) the Secretary of Veterans Affairs or the Administrator; or

(II) in the case of a small business concern that is awarded a contract, the applicable contracting officer or another small business concern that submitted an offer for the contract that was awarded to the small business concern that is the subject of a challenge made under clause (i).

(g) Certification requirement

Notwithstanding subsection (c), a contracting officer may only award a sole source contract to a small business concern owned and controlled by service-disabled veterans or a contract on the basis of competition restricted to small business concerns owned and controlled by service-disabled veterans if such a concern is certified by the Administrator as a small business concern owned and controlled by service-disabled veterans.

(h) Enforcement; penalties

(1) Verification of eligibility

In carrying out this section, the Administrator shall establish procedures relating to—

(A) the filing, investigation, and disposition by the Administration of any challenge to the eligibility of a small business concern to receive assistance under this section (including a challenge, filed by an interested party, relating to the veracity of a certification made or information provided to the Administration by a small business concern under subsection (b)); and

(B) verification by the Administrator of the accuracy of any certification made or information provided to the Administration by a small business concern under subsection (b).

(2) Examinations

The procedures established under paragraph (1) shall provide for a program of examinations by the Administrator of any small business concern making a certification or providing information to the Administrator under subsection (b), to determine the veracity of any statements or information provided as part of such certification or otherwise provided under subsection (b).

(3) Enforcement; penalties

Rules similar to the rules of paragraphs (5) and (6) of section 637(m) of this title shall apply for purposes of this section and section 657f-1 of this title.

(i) Provision of data

Upon the request of the Administrator, the head of any Federal department or agency shall promptly provide to the Administrator such information as the Administrator determines to be necessary to carry out subsection (b) or to be able to certify the status of the concern as a small business concern owned and controlled by veterans under section 657f-1 of this title.

(A) to satisfy 2 or more requirements of the Federal agency for goods or services that have been provided to or performed for the Federal agency under 2 or more separate contracts lower in cost than the total cost of the contract for which the offers are solicited; or

(c) Limitation on use of acquisition strategies involving consolidation

(1) In general

The head of a Federal agency may not carry out an acquisition strategy that includes a consolidation of contract requirements of the Federal agency with a total value of more

(B) Savings in administrative or personnel costs

For purposes of subparagraph (A), savings in administrative or personnel costs alone do not constitute a sufficient justification for a consolidation of contract requirements in a procurement unless the expected total amount of the cost savings, as determined by the senior procurement executive or Chief Acquisition Officer, is expected to be substantial in relation to the total cost of the procurement.

(C) Notice

Not later than 7 days after making a determination that an acquisition strategy involving a consolidation of contract requirements is necessary and justified under subparagraph (A), the senior procurement executive or Chief Acquisition Officer shall publish a notice on a public website that such determination has been made. Any solicitation for a procurement related to the acquisition strategy may not be published earlier than 7 days after such notice is published. Along with the publication of the solicitation, the senior procurement executive or Chief Acquisition Officer shall publish a justification for the determination, which shall include the information in subparagraphs (A) through (E) of paragraph (1).
